

MEET THE CHIEF

RON TYSON

I have been Fire Chief since 2002, Our district covers approximately 48 sq miles starting at Astoria City Limits and runs along Hwy 202 to MP 17. We cover both the rural and forest lands. We cover Emergency Medical, Motor Vehicle Accidents and Fire protection along with numerous other emergencies. We cover Young's River Falls

where we have had many various emergencies. We receive automatic add from Lewis & Clark Fire and Astoria Fire on all structure fires. We also provide automatic add to both. We are also looking for volunteers as our personnel numbers are low and our emergencies responses are on the increase. So if you would like to serve your community contact us at 503-325-5440 or stop by on Wednesday evening on our drill night.

Our mission is to "Volunteer Service with Pride."
