## Fortune Shines on Freckled Faces

SPOTTVILLE, USA – The Spottville school board passed a new rule last night giving Spottville children with freckles more privileges than children without freckles.

Student Myron Fleming feels the new rule is "long overdue."

Freckled children will always sit at the front of the classroom and be first in line. They will get to use new pencils and the finest white paper. Children without freckles will have to sit at the back of the room or on the floor. Grocery bags will be used as paper for their assignments.

Many non-freckled children find the Freckle Rule unfair. "This rule stinks!" cried Alison Smythe, age 11. "I can't help it that I don't have freckles. Why can't I eat in the same cafeteria as my friends with freckles?"

Many children with freckles also disagree with the new Freckle Rule. "I plan to fight against this dumb idea," said Dottie Darling, a student at Spottville Elementary School. "Dr. Martin Luther King's message is that discrimination is always wrong, and this new rule is discrimination."

"Disgruntled nonsense," said school board president Spatz McDotter. "The rule is fair to the people that really matter most – people with freckles."

## Could this be true?

What if this news story were true? Are the schools in Spottville treating all children equally?

This story may seem a bit silly. Sadly, there is some truth to it. For many years, groups of people in the United States were treated differently just because of the way they looked.

## Dr. King's Dream of Equality

Dr. Martin Luther King knew what it was like to be discriminated against. He had been called names and told he could not do all of things other people could do. It wasn't because of freckles that Dr. King had these problems. It was because his skin was black.

In the 1950s and 60s, many Americans, black and white, spoke out and even fought against unfair laws that discriminated against black people. Dr. King was one of the leaders of this struggle called the Civil Rights movement.

### Let Freedom Ring

After years of struggle, the Civil Rights Act made discrimination against the law. However, Dr. King knew it would take more than a law to change people's hearts and minds. He continued to teach people that discrimination was unfair.

Each year on his birthday, Americans remember this man who believed the dream of equality and freedom should ring true for all.
