**21. Vintage Hardware**

1162 Marine Drive

Vintage Hardware introduces its Pop Up Shop located inside the store. Hand-picked and curated, this space will allow individuals who don't have a brick-and-mortar space to showcase their wares. Businesses

will revolve monthly, kicking off every art walk. In February, explore the culinary talents of Aleesha Nedd. An up-and-coming baker, Nedd has a personal following at Coffee Girl on Pier 39. However, her personal business, The Naked Lemon, is establishing a name for itself too.

## Hear three bands at Armory Skatepark

ASTORIA — In post-Second Saturday Art Walk fun, the Armory Skatepark invites the public down to hear three out-of-town musical acts starting at 9 p.m. Saturday, Feb. 11. The space will be heated and the music will be luscious.

The first act to perform is Slim, from Anacortes, Washington. Silm has been described as an esoteric, reverb laden, soft and beautiful. Previewing songs from an upcoming album, the band shares rich vocal compositions about intimacies of life and the unknown.

Pulsar, also from Ana-

cortes, is a young surf-pop trio with beautifully crafted songs, twangy and fun.

Fuzz Bomb has been active for a while now, bringing heavy garage-rock blues fuzz to the Montesano/Aberdeen, Washington, area. They've played local festival Cobain Days and many other shows in the grunge rock hub. A great band to get your skateboard out and shred the night away to.

Admission is \$5. Refreshments will be available for purchase. All ages are welcome. The Armory Skatepark is in the basement at 17th and Duane streets.

# Learn how to draw natural objects

SEASIDE — Do you like to draw? Sign up for Seaside Public Library's Drawing Natural Objects Workshop with local artist and illustrator Dorota Haber-Lehigh.

The workshop will take place at 1 p.m. Saturday, Feb. 11 and is sponsored by the Friends of the Seaside Library. You must sign up for this class and can do so at the circulation desk or by calling 503-738-6742. The class is free, and all materials will be provided.

In this back-to-basics drawing class, Haber-Lehigh will engage participants in fun and surprising sketching exercises to loosen the hand, which will help in learning to draw with confidence. The class will also cover how light and shadow affect illustration and how to shade and apply texture to make your natural objects look realistic.

Participants will then draw seashells using the techniques they have

learned. Haber-Lehigh will bring shells as examples, and everyone is encouraged to bring a favorite shell to use as a model.

Haber-Lehigh received a Bachelor of Arts degree from Pacific University with a focus on printmaking and art history. She has designed, illustrated and published the coloring books "ABC of Native Plants of the Coastal Pacific Northwest" and "Native Berries of the Coastal Pacific Northwest."
