Win your dream vacation while supporting Fire Mountain School

ARCH CAPE — The New School at Fire Mountain is continuing the tradition of holding a raffle for a dream vacation valued at \$4,000.

The theme this year is India and the drawing is May 6 at the old Nehalem Fire Hall during a raffle party with

Indian food, libations, music and dancing.

In addition to the grand prize of \$4,000 toward a dream vacation (airfare and accommodations to the destination of the winner's choice), there is also a second-place prize of a \$250 gift certificate

to Breitenbush Hot Springs and a third-place prize for a 90-minute massage with Ashley Nagle of At the Water's Edge in Seaside.

Tickets are \$40 each or three for \$100 with a limit of 500 tickets for sale. They can be purchased from a Fire Mountain parent or at Moxie in Seaside, Cannon Beach Books in Cannon Beach or Mother Nature's in Manzanita. A raffle ticket gets two people into the raffle party at no charge (a \$30 value). There will also be a silent auction featuring goods and services unique to the coastal region.

Fire Mountain School is an independent school dedicated to assisting children in their ongoing work of exploring and making sense of the world. Since 1983, teachers and parents have joined together to create a community structure in which children experience an environment that helps them to become their best selves, curious, confident, creative problem-solvers and stewards of their home. By providing a foundation of experiential, hands on education

Haystack Rock Awareness Program kicks off new tour initiative

CANNON BEACH — The Haystack Rock Awareness Program announces a new program: guided tide pool tours with award-winning author, filmmaker, photographer and intertidal enthusiast Stephen Grace.

The Haystack Rock Awareness Program is entering its 32nd season on the beach. The program's mission is to protect, through education, the intertidal and bird ecology of the Marine Garden and National Wildlife Refuge at Haystack Rock. Having educated over one million visitors, HRAP aims to provide sustainability focused educational opportunities to a wide range of Cannon Beach visitors.

Tours led by Grace provide an exploration of the Pacific Ocean's edge unlike any other experience HRAP has previously been able to offer. Participants in these small group tours will benefit from Grace's unique combination of sci-

entific knowledge and expansive storytelling skills, which he combines in a compelling exploration of Cannon Beach's ecological jewel: a dynamic coastline teeming with wondrous creatures.

Grace is the author of books such as "Dam Nation: How Water Shaped the West and Will Determine Its Future."

Tour participants should prepare to immerse themselves in the elements (dressing for all types of weather) as they venture down to the shore from Cannon Beach City Hall. Tours cost \$25 per person, are capped at 10 participants, and last approximately one hour and 30 minutes.

Private tours with Grace to Haystack Rock, or to other intertidal areas, are also offered at \$40 per person, or \$35 per person with groups larger than three explorers.

The first tour is scheduled for 3 p.m. Thursday, March 23.

For more information, or to schedule your tour, visit ci.cannon-beach.or.us/HRAP or contact Melissa Keyser at 504-436-8060 or HRAP@ci.cannon-beach.or.us
