

## Dog walk at Lewis and Clark National Historical Park

**FORT CLATSOP** — A dog walk will be hosted at Lewis and Clark National Historical Park to help raise awareness about climate change and promote outdoor activities.

With leashed dogs, attendees will walk two miles on the Netul Trail to Fort Clatsop and back. The event will take place 3 to 5 p.m. April 20 at the park's Netul Landing.

The landing is approximately one mile past the visitor center entrance on Fort Clatsop Road. There will be prizes, drinks and snacks provided. Dog lovers and community members are welcome to attend.

Astoria High School student Maryann Mandujano is

organizing this event as part of her senior project. She belongs to the Lewis and Clark National Historical Park Science & Sustainability youth leadership team.

After participating in North Cascades Institute's backcountry Youth Leadership Adventures program in Summer 2016 to learn about climate change's impact on

National Parks and communities, Mandujano wants to give back to the Astoria community by encouraging locals to reduce their carbon footprint by spending more time outdoors.

At the dog walk, community members can learn environmentally responsible ways to enjoy nature with their dogs, and become more informed about sustainability.

For questions or comments, contact Mandujano at [mmandujano17@astoriak12.org](mailto:mmandujano17@astoriak12.org).
