## A Coastal Lock-n-Key L.L.C.

Michael Long, Owner of A Coastal Lock-n-Key, has proudly been serving Clatsop County's locksmithing needs for the past 18 years. Moved here in 1980, Mike's a "local" boy that graduated from Astoria High School and then served in the United States Navy. After getting out of the Navy, he learned the locksmith trade while working at Hauers Cyclery & Locksmith. After closing their doors, Michael opened A Coastal Lock-n-Key, the only family run and locally owned locksmith shop in Astoria. "I take pride in the quality of my work and I am dedicated to meet all your locksmith needs. I make and replace high security car keys and also perform ignition work."

6 years in business hard to believe. How the years have come and go, But with out our amazing customers and

support of our community we couldn't of done it without all of you.

**Who says it better but your own customers:**

**New shop is top notch! Anything truck related I'm coming here! -Fred**

Tim and Danielle are the best! They fixed us up super fast and at a great deal less than anyone else would -Tyler

Small family business that takes care of the customer!!! You guys are awesome!!! Thank you for all your hard work on my pickup!!! Go check them out! -Tiffani

I've been coming to this place for all my radiator repairs and exhaust work. Very friendly, excellent prices and amazing work. This is the only place I will go for this type of work, lift kits and tuners. Keep up the good work. -Tim

Any problems, see these guys first! No BS and you'll save money. They stand by their work 100% and do not try to get you to do unnecessary work that cost thousands of dollars as some other business's do. They KNOW vehicles! Seaside muffler has up graded my exhaust on my Chrysler 300 and Ford F350. Both vehicles sound great! I had some starting up issues with my truck and Tim gave us the best advice that has saved us time and money while resolving the issue! -Darcy

The most Loyal, Caring, Upstanding business owners I've been around. I had an issue with my truck that had nothing to do with my programmer that was installed 2+ years earlier. Tim spent two days working on it. He was on the phone with the programer company as well as Ford. He was able to get my truck going and now zero issues months later. Tim spent those two days on my truck free of charge. That kind of customer care is very rare in today's society. Greed takes over to make a buck most places you go. Not at Seaside Muffler and Off Road. They are awesome. -Aaron

Tim and I have worked hard to continue giving 100% quality and customer service to all of our customers. We have strived to build custom clean one of a kind vehicles in every aspect. Over the years we have expanded our knowledge in Diesel Mechanics, Performance Upgrades and Custom Diesel Performance. We are working on our 5th year of building show trucks for the SEMA show in Las Vegas and look forward to continue business success.
