There is a default by the grantor or other person owing an obligation or by their successor in interest, the performance of which is secured by said trust deed, or by their successor in interest, with respect to provisions therein which authorize sale in the event of default of such provision. The default for which foreclosure is made is grantors' failure to pay when due the following sums: monthly payments of \$37,143.16 beginning March 1, 2015 through June 30, 2017; plus advances of \$4,322.96; plus other fees and costs in the amount of \$156.45; together with title expense, costs, trustee's fees and attorney's fees incurred herein by reason of said default; any further sums advanced by the beneficiary for the protection of the above described real property and its interest therein; and prepayment penalties/premiums, if applicable.

By reason of said default, the beneficiary has declared all sums owing on the obligation secured by said trust deed immediately due and payable, said sums being the following, to wit: \$203,683.01 with interest thereon at the rate of 4.25000 percent per annum beginning February 1, 2015 to July 27, 2017; plus advances of \$5,284.85; plus other fees and costs in the amount of \$213.45; together with title expense, costs, trustee's fees and attorney's fees incurred herein by reason of said default; any further sums advanced by the beneficiary for the protection of the above described property and its interest therein; and prepayment penalties/premiums, if applicable.

Notice is further given that any person named in ORS 86.778 has the right, at any time that is not later than five days before the date last set for the sale, to have this foreclosure proceeding dismissed and the trust deed reinstated by payment to the beneficiary of the entire amount then due (other than such portion of the principle as would not then be due had no default occurred) and by curing any other default complained of herein that is capable of being cured by tendering the performance required under the obligation or trust deed, and in addition to paying those sums or tendering the performance necessary to cure the default, by paying all costs and expenses actually incurred in enforcing the obligation and trust deed, together with trustee and attorney fees not exceeding the amounts provided by ORS 86.778.

Without limiting the trustee's disclaimer of representations or warranties, Oregon law requires the trustee to state in this notice that some residential property sold at a trustee's sale may have been used in manufacturing methamphetamines, the chemical components of which are known to be toxic.
