

Clatsop Emergency Food Bank

PROGRAM OVERVIEW

The Clatsop Emergency Food Bank has been serving residents of Astoria from this location since 1975. It is volunteer supported, by those who work in service, distribution, stocking etc. Funding to support the purchase of food subsidies is also volunteer based and we have always been supplied by generous community members who support this endeavor.

We are open 5 days a week Monday-Friday from 3:00-4:00, and serve approximately 150-200 households every month with 200 volunteer hours donated by 60 volunteers. It takes a village to support this kind of work, and it is with great joy and satisfaction we endeavor to serve the community.
