

Liberty Restoration, Inc.

PROGRAM OVERVIEW

For the first season since the renovation, the Liberty Theatre® (Liberty Restoration Inc.) will be offering an entire series of classical music to its patrons. In addition to world-class performances, many of the performers will be holding pre-show workshops to the band, orchestra, choir, and dance students of Astoria High School. These workshops are offered to students at no cost to the students, parents, or school and are graciously funded by donors within our community.

"The purpose of Liberty Theatre® is to provide a forum for community events, a center for local, regional and national performing artists, and a center that fosters education and the development of the performing arts, and a center which anchors downtown Astoria's continued economic revitalization."

The upcoming **Classical Series** advances our mission by presenting quality productions by local artists/performers and outside presenters that are within the economic reach of a broad spectrum of the community, and reach audiences of all ages while providing a balance of events which are culturally rich and discipline diverse. This series' educational component aligns with our goal to encourage educational programs relating to the performing arts by providing in-school workshops for students of different levels and disciplines taught by visiting professional artists from a variety of disciplines and art forms. In addition, Our Sunset Series will continue with popular music from local Pacific NW bands and touring groups from across the country. We have a wide range of events to offer and they can all be found on our new website: www.libertyastoria.org
