## PROGRAM OVERVIEW

### The Gift of Education Changes Lives and Destinies

The mission statement for Clatsop Community College reads: Enriching Lives, Inspiring Learning, Creating Opportunities. The work of the CCC Foundation is to support CCC's mission and focus fundraising efforts to increase the availability of scholarships and provide much-needed program support and equipment.

Many of our students face multiple obstacles and financial barriers in the path to their educational goals. CCC Foundation scholarships provide critical assistance to those who might not be able to achieve those goals without this vital help. Financial assistance through scholarships can be their only opportunity to reach their full potential and shape their futures.

Without a doubt, CCC changes lives on a daily basis. Here is an example of the impact scholarship gifts can make on a student's life:

"I decided to go back to school at the age of 30. First, I received my GED and this past June I graduated with my RN. My journey is thanks to Clatsop Community College and would have been almost impossible if I had not won a scholarship. That scholarship changed my life. Being a single mom with no education is hard enough but being a single mom trying to work a part-time minimum wage job while attending college is much more difficult. I was set up for failure in the beginning but I overcame and I am excited about my future. I plan to earn my Bachelor's in nursing at OHSU and then my Master's in Public Health. I want to make a difference and give back to all the people and programs who helped me along my path." — CCC student, class of 2017

Your investment makes a significant impact and provides a pathway for CCC students to pursue their dreams – a precious gift to them and our community.
