## PROGRAM OVERVIEW

Columbia Memorial Hospital (CMH) has been serving the people of the North Coast and Lower Columbia region since 1880.

CMH is the fastest growing rural hospital in the state of Oregon. We are a full-service, not-for-profit, Level IV Trauma and Critical Access Hospital located in Astoria and one of only five remaining independent hospitals in the state.

We are deeply committed to improving the health and well-being of our region, and we are always seeking new ways to innovate and improve. CMH brings new technology, new services and new healthcare partners to our region.

As a Planetree-Designated Patient-Centered Hospital, we embrace, support and promote the people-centered philosophy of care.

## GIVING OPPORTUNITIES

As a not-for-profit, community hospital, Columbia Memorial Hospital (CMH) is buoyed by your support. Whether you give time or money, your contributions help to make quality, compassionate medical care available to people in the Lower Columbia Region.

Thank you for your ongoing commitment to CMH, our neighbors and our patients. Together we are building a one-of-a-kind, robust, rural healthcare system that we can be proud of.

- Give the gift of time as a CMH Volunteer.
- Give the gift of comfort; join the CMH Auxiliary.
- Give the gift of relief; support Lower Columbia Hospice.
- Give the gift of health; donate through the CMH Foundation.
- Give the gift of insight; join our Patient & Family Advisory Council.

Together, we can create a healthier community for ourselves and those who come after us.

### Mission:

The mission of Columbia Memorial Hospital is to provide excellence, leadership and compassion in the enhancement of health for those we serve.

### Vision:

We shall provide exceptional, patient-centered care and be the provider of choice of appropriate clinical services within our service area. We will grow select clinical services through partnership opportunities and remain an independent, not-for-profit, community health care organization. We will provide access to primary and specialty care, enhance our facilities, remain fiscally responsible and create the best place to work for our employees, professional staff and volunteers in a safe environment.

### We Believe:

A patient is a person to care for not a condition to treat.

Healing requires mind, body and spirit.

Healthcare that is people-centered, quality driven and service focused.

Strong communities are healthy communities.
