PROGRAM OVERVIEW

Seaside Scholarships strives for broad distribution of scholarships with varying criteria. Despite financial background and success or struggles with school, we believe all students have a right to further their education. Seaside Scholarships wants to maximize local students' access to funds for college or technical school.

Seaside Scholarships is governed by a volunteer board of directors who are working toward establishing an endowment for Seaside High School graduates.

Seaside Scholarships is a unifying entity for scholarships available to Seaside High school students. Please visit our website www.seasidescholarships.com, for information about automatic donations and further information about the scholarships we offer.

Mission Statement:

Seaside Scholarships is a non-profit organization formed to raise money to develop and allocate scholarships for future graduates off Seaside High school.

Vision/Goals:

Several years ago, a Seaside High school counselor and an involved parent, wrote a grant to establish a scholarship non-profit for Seaside High School. With help from school Secretary Cathy Kabanuk, Seaside Scholarships became a reality. In five short years, Seaside Scholarships have gone from awarding one scholarship in its first year of existence, to this past year awarding several scholarships and Investment grants to deserving students.
