

GO AHEAD, BEND THE RULES.

At Pelican, we're always looking for new ways to bend the rules and push the limits of flavor, and there's no better demonstration than our new Beak Bender Hoppinated IPA. Using our proprietary "Hoppinator" device, we bent the rules to rend every molecule of flavor and aroma from juicy Citra and tropical El Dorado hops. The end result—an astoundingly drinkable experience. Available in 6-packs, 22oz bottles and on draft.
