COURTESY SEASIDE MUSEUM & HISTORICAL SOCIETY

Seaside Aquarium in 1937

## History & Hops: From public baths to aquarium

SEASIDE — In August 1924 the Seaside Baths Natatorium — a salt water bathhouse and swimming pool — opened for business. By 1937 it had morphed into the Seaside Aquarium, now the oldest privately owned aquarium on the West Coast.

Keith Chandler, the aquarium's general manager, will share tales of its storied past, from construction through

conversion into a marine life showcase, at the next History & Hops event 6 p.m. Thursday, April 26, at Seaside Brewing Co., located at 861 Broadway St.

Attendees will meet Tubby, Jr. (a seal), Victor (a 25-pound lobster) and a cast of other marine characters.

The aquarium has been part of the Marine Mammal Stranding Network since 1990. As a partner

with the Wildlife Center of the North Coast, the aquarium is a drop-off center for injured animals that are then transported by staff to the rehabilitation center in Astoria.

History & Hops is a series of local history discussions hosted by the Seaside Museum on the last Thursday of each month, September through May, at Seaside Brewing Co.

## Seek a healthy tree-tment

SEASIDE — Clatsop County Master Gardener Association's Speaker Series 2018 presents "North Coast Tree Health: Problems and Solutions" with Austin Weinecke. The free event will take place 6 p.m. Wednesday, April 25, at Seven Dees Nursery (84794 U.S. Highway 101) in Seaside.

It's no surprise that the North Coast is home to more trees than humans. This is more than evident to Weinecke, an urban forester, certified tree climber trainer

and general manager at Arbor Care Tree Specialists Inc.

A proficient arborist, Weinecke specializes in diagnosing tree health and stability and providing treatment solutions. Home gardeners will learn about regional arboreal disease issues and general tree care. Should you prune, use pest control methods, remove or leave that tree alone? Weinecke will provide direction on all of these tree health issues.
