

# Parkland siblings detail #NeverAgain inception in new book

By KELLI KENNEDY

FORT LAUDERDALE, Fla. — The polarizing survivor of the Parkland mass shooting has been falsely labeled a crisis actor, vilified by the NRA and called names by TV hosts. And David Hogg isn't avoiding self-criticism in his new book. In fact, he calls himself "arrogant," "skinny" and details his rejection by girls.

Eighteen-year-old Hogg admits he was super cocky after being named debate captain at Marjory Stoneman Douglas High School.

"I was just so narcissistic and pretentious back then, even more than I am now ... Pretentiousness was probably my substitute for actual confidence," Hogg writes in "#NeverAgain," which he co-au-

thored with his sister Lauren Hogg. Released this month, it's published by Random House. The siblings are donating the proceeds to charity.

The teen talks about how he felt like an "outsider" when he first moved to the upscale Florida community halfway through the school year in 2014, but found a sense of place through journalism and photography.

In an interview in New York on Tuesday, Hogg told a video journalist from The Associated Press that it was important for him to be vulnerable in the book and take inventory of his own shortcomings.

"I think America also needs to face its own problems as well. And I hope the book kind of teaches empathy for everybody," he said.

The book includes grip-

ping accounts of the siblings' experiences trapped inside their classrooms as a gunman opened fire, killing 17. Former student Nikolas Cruz has been charged in the massacre.

Lauren Hogg, a 15-year-old freshman, lost four friends in the shooting. She cried so uncontrollably for the next three days that her mom wanted to take her to the emergency room, describing the sounds coming out of her mouth as "subhuman."

David wrote that his sister's sobbing, in part, motivated his activism. He hopped on his bicycle, ignoring his parent's protests, and rode back to the school to do media interviews the evening after the shooting.

He's taking a year off before starting college, in part, he says because he wants to be around to look out for his little sister.

The book also offers an inside look at the early days of the March For Our Lives grassroots efforts that mobilized hundreds of thousands around the world to march for

gun reform and made Hogg, Emma Gonzalez, Cameron Kasky and other Parkland students household names.

Lauren Hogg says she's struggled with not being included in the group from its inception.

"He's my big brother, he's always tried to protect me, and as much as I appreciate that I wish you would've told me earlier about what they were doing," Lauren told AP, adding the reason she thinks they've avoided burnout is because "we've become a family."

David writes that the March for our Lives group came "together to try to heal the world and found out that was the best way to heal."
