Patricia Fagerland began her business in July of 2013. She named it Forsythea after a childhood memory forged by many years "playing in the garden" with her favorite neighbor, Erik. The Gallery/Gift shop celebrates nature-inspired artisan home & garden décor as well as a great selection of traditional toys, hand puppets and marionettes.

Tim and I have worked hard to continue giving 100% quality and customer service to all of our customers. We have strived to build custom clean one of a kind vehicles in every aspect. Over the years we have expanded our knowledge in Diesel Mechanics, Performance Upgrades and Custom Diesel Performance. We are working on our 6th year of building show trucks for the SEMA show in Las Vegas and look forward to continue business success.
