

FILM REVIEW

A timely story of addiction in ‘Beautiful Boy’

By LINDSEY BAHR
Associated Press

Relapse is part of recovery. That’s what one doctor in “Beautiful Boy” tells David Sheff (Steve Carell), the distraught father of a teenage son, Nic (Timothée Chalamet), who has been dabbling in alcohol, weed, cocaine, heroin and crystal meth, and has become an addict.

He disappears for nights on end from his father’s idyllic home in the woods outside of San Francisco which he shares with a stepmother, Karen (Maura Tierney), and his two very young step-siblings. He steals his little sister’s savings (\$8). He lies. He hurts everyone around him. He goes to

rehab. He seems to be turning over a new leaf. And then he starts the cycle all over again.

“Beautiful Boy” is an honest portrait of how addiction affects families and how it’s not something that can be wrapped up and packaged into a neat and tidy narrative. It’s ugly and messy, with moments of grace and hope, but mostly despair.

The film is based on a pair of memoirs, one by Nic Sheff and one by David Sheff, and directed by Belgian filmmaker Felix Van Groeningen in his English language debut. This may be depicting a family’s story in the recent past, but there is hardly a more timely subject matter to explore.

melded stories in an unconventional and often disorienting way, jumping back and forward in time with abandon

and not a lot of establishing context.

Some jumps make sense, like David, sitting in a cafe and waiting for his grown son to meet him after a bender, and remembering sitting at that same table years ago with Nic as a much younger child and goofing around trying to speak Klingon to one another. Others are just confusing. Is Nic returning after a semester in college, you wonder? Did he graduate? When, exactly, does he smoke pot with his father? Before or after he confesses to trying meth?

Perhaps disorientation is the point, a commentary on life and jumbled memories, but for the viewer it can be trying. The editing choices can make this

film seem occasionally like one extended montage or love-ly-looking music video.

Van Groeningen also tends to favor flashbacks to various stages of Nic’s pre-teen childhood as David looks adoringly on his sweet, innocent son. It’s all well and good, but are we to be surprised that an addict could have once been a sweet and innocent child?

It is a frustrating diversion mainly because the best parts of “Beautiful Boy” are when Carell and Chalamet are together. I wonder whether there is a version of this movie that exists where the timeline is straight, and it is just laser focused on Nic’s ups and downs since he started using drugs.
