

North Coast Land Conservancy

PROGRAM OVERVIEW

The Land Is Our Legacy. For 30 years, North Coast Land Conservancy has been preserving Oregon's most vital coastal landscapes from Astoria to Lincoln City. As an accredited, non-profit land trust, we acquire strategic lands and manage a living network of coastal habitats necessary to support abundant wildlife and diverse community needs, now and forever.

We all share Oregon's coastal landscape: people and wildlife, farmers and timber companies, merchants and developers, school, municipalities, and community groups. The health of our communities depends upon a healthy landscape.

North Coast Land Conservancy is made up of dedicated staff, board members, volunteers, and community partners who work together to:

ACQUIRE strategic lands and hold them in public trust in perpetuity;

ENRICH the ecological integrity of the region by connecting natural landscapes;

STEWARD the land by restoring or actively maintaining its natural state;

PROMOTE hands-on experiences, forging connections to nature and each other;

CONNECT the many benefits of conservation to our daily lives; and

SAFEGUARD priceless ecological and cultural values for future generations.
