

Seaside Scholarships

Opening Doors to Education

Seaside Scholarships is a non-profit organization formed to raise money and distribute scholarships to Seaside High School seniors. It is governed by a volunteer board of directors.

Believing all students need to further their education, Seaside Scholarships strives to award scholarships to a wide variety of promising students.

Our youth is the greatest natural resource. Funding scholarships means opening doors for students, regardless of financial background and success or struggles with school. By ensuring the education of our community's youth, we ensure our community's quality of life.
