VOLUNTEER PROFILE

Karen Beck

16-year volunteer • Wildlife Center of the North Coast

Karen serves on the Animal Care Team for Wildlife Center of the North Coast, dedicated to promoting compassion, empathy, and respect for all life through wildlife rehabilitation, ecological teachings, and wildlife conservation.

"Karen is our longest serving volunteer, and we are incredibly thankful to have her on our team. She has played an essential role in the development and continued success of our organization. Over the past 16 years, Karen has dedicated her time and energy in a variety of ways: working two shifts per week in the Center's wildlife hospital, serving on our Board of Directors-even for a time as President, helping out on our fundraising team and at community events, and more. Her willingness to take new volunteers under her wing as a team leader and show them the ropes has been a huge help. Karen's enthusiasm for the work we do and other charitable work she does in our community is an inspiration."- Kari Henningsgaard
