Our mission: Promoting compassion, empathy, and respect for all life through wildlife rehabilitation, ecological teachings, and wildlife conservation.

We are the only wildlife hospital on the Central and North Oregon coast, and serve wildlife in need from Newport, Oregon to north of the Long Beach Peninsula in Washington.

Volunteer opportunities: We always need volunteers to help working on-site with animal care and facility upkeep, helping at community events and education programs, and because of our extensive service area, we desperately need Animal Transport volunteers to help transport patients in need of our help. For information about volunteering email volunteer@coastwildlife.org

Donations used for: We rely on the generosity of public donations and grants to fund everything we do. All contributions directly fund the rescue, rehabilitation, and release of sick, injured, and orphaned native wildlife as well as our conservation and public education programs.

Donations: Mail us or visit www.CoastWildlife.org.

Website: www.windermere.com/foundation

Our mission: For the past 30 years, the Windermere Foundation has donated a portion of the proceeds from every home purchased or sold using a Windermere agent towards supporting low-income and homeless families in our communities. What started in 1989 as a grassroots foundation serving families in need in Washington State, has grown to encompass ten states and has raised over \$38 million for programs and organizations that provide shelter, food, children, programs, emergency assistance, and other services to those who need our help most.

Service area: North Oregon Coast

Donations used for: Homeless families with children and children, organizations.
