CRISP, PINEY, FANTASTIC

Fanzine IPA comes into focus as a crisp, clear, West Coast style collaborative presentation from Fort George Brewery and Grains of Wrath Brewery. Fanzines are deeply rooted in the DIY ethos of the fiercely independent. Small run, self-published, xeroxed and stapled testaments to the object of a true fan's reverence. The Fanzine IPA can features the art of independent folk legend Michael Hurley, who himself is the subject of a Fanzine. A piney bitterness backs up the heavy hop additions, with grapefruit and other citrus notes. Mild sweetness from the malt bill lingers with a taste of orange juice.
