

Making a difference in Clatsop County

We are extremely fortunate in Clatsop County to have such a wide variety of nonprofit organizations that help raise the quality of life throughout the North Coast. From arts and culture to health and human welfare, and from youth athletics to service groups, they each make a difference in our community.

Our 6th annual Giving Back is a celebration of those nonprofits and for what they do throughout our region, and many of them are documented in this publication.

We are grateful to everyone connected to these nonprofits and for what they do in helping to enrich the lives of everyone they touch.
