Yoga Animals

In many parts of the country, team sports have been cancelled because of the pandemic. In some places it is hard to play outside because of COVID and/or the weather. But there is one sport you can do in your own home. **It's yoga!**

Can you pose like a dog? How about a cat? Maybe a cobra or a butterfly?

These poses can be fun and silly. They are also yoga poses that are good for you!

Downward Facing Dog

Have you ever watched a dog when it gets up from resting? It might do this stretch which ancient yogis (people who do yoga) discovered was a good stretch for people, too.

1. Go to your hands and knees and breathe in deeply through your nose.
2. Exhale and stretch your legs and arms so that your bottom is up in the air.
3. Push the ground firmly with your hands. Stretch your legs, bending and straightening your knees very carefully. Stop if you feel any pain!
4. Return to your hands and knees. Relax and repeat.

Cat Pose

Move onto your hands and knees. Take a deep breath in through your nose. Round your back and lower your chin to your chest.

Exhale and lower your back and raise your head. Rest and repeat.

Cobra

No reason to be afraid of this cobra! It is a great yoga pose and stretch.

Lie down with your belly on the ground. Place your hands under your shoulders and your forehead on the ground. Breathe in through your nose and press your hands to the ground while raising your head and shoulders.

Exhale through your mouth and teeth and hiss like a snake.

Lower your body back to the ground. Relax and repeat.

What is Yoga?

Yoga is an ancient form of fitness with poses that help you stretch, relax and get stronger.

Pigeon

Bring one leg in front of you so your shin is parallel to the top edge of a wall, draw the other leg behind so your knee is on the ground.

Your back foot can be flat on the ground, or your toes can be tucked under.

Yoga began in India long ago. Ancient statues show figures in various yoga poses.

No one knows exactly when yoga began. It's been around for thousands of years. How yoga is practiced has changed over time as different people in different places started doing it. But one thing that people who practice different kinds of yoga agree on is that yoga can improve health and well-being for people of all ages.

Butterfly

Sit on the floor and bring the soles of your feet together. Let your knees fall outward so your legs look like butterfly wings.

Hold That Pose!

Look through the newspaper for a photograph or drawing of an animal or person. Copy the pose and see how long you can hold it. The sports pages have great challenging poses.
