

TOMORROW'S HOROSCOPE

FRIDAY, MARCH 5, 2021

ARIES (March 21-April 19). You're a treasure. If you want to be pursued, then go where the treasure hunters are. Like a tattoo in invisible ink, it takes a special light to see the art, and it really only happens when a person knows it's there in the first place.

TAURUS (April 20-May 20). We can only be trapped by what we want. We are held by our own white knuckles clinging to what we don't want to let go of. Fear of loss is the turn of the key that locks us in chains. If you agree to lose, then you will be free.

GEMINI (May 21-June 21). You have more stories than you think. The things you've done are so familiar to you that you cannot imagine how impressive they would be to another person, but if you share, you'll find out.

CANCER (June 22-July 22). The best and brightest version of future-you hinges on the ability of today-you to pay close attention. To stay engaged, figure out what's in it for you, even when the scene seems to revolve completely around the other person.

LEO (July 23-Aug. 22). Sometimes, you have faith and you act on it. Today, your faith isn't as strong, but you still benefit from action. Keep shooting for the goal regardless of whether you think you can make it.

VIRGO (Aug. 23-Sept. 22). Messes occur. It's not your job to clean them up, though you'll probably do it anyway, or at least be involved, because leaving things better than you found them is in your creed.

LIBRA (Sept. 23-Oct. 23). Some pressures exist only because of a thought. The thought doesn't have to be true to make the pressure very real. A thought is causing you stress unnecessarily. Identify and release it.

SCORPIO (Oct. 24-Nov. 21). If you ask the others, they'll tell you what they see and you won't be able to help being influenced. To find that truly original take on the situation, wait before you ask. Look at it a long time by yourself first.

SAGITTARIUS (Nov. 22-Dec. 21). Trying to accomplish everything on the list will be too stressful and counterproductive. Decide on what you're not going to do today and, suddenly, everything lightens up. Plus, you move quicker.

CAPRICORN (Dec. 22-Jan. 19). There's a risk inherent in every interaction, only it doesn't feel as risky with those whom you can predict. Fresh blood will energize you and bring about your most daring self.

AQUARIUS (Jan. 20-Feb. 18). With so many unwritten rules governing today's interactions, you may just decide to go rogue and put an end to the easy compliance that has been the dysfunctional norm of the situation.

PISCES (Feb. 19-March 20). No one knows how you do it, but somehow you're able to draw vitality from lackluster scenes, badly illuminated in fluorescent light. Your imagination knocks out walls to install its own sun-streamed windows.

FRIDAY'S BIRTHDAY (March 5). An inspiring relationship plays into the changes you make this year. That long list of things you didn't have time for before gets a lot shorter as you check off many adventures. You're not setting out to develop yourself; it just happens. Plans shift and expand. There are more people to care for and also put to work. Cancer and Scorpio adore you. Your lucky numbers are: 1, 36, 46, 10 and 5.
