## Save for a Rainy Day!

**S**ave for a rainy day is a phrase that reminds people to save money when times are good so they have money to use when there is a big expense, or the ability to earn money stops.

Most people save for a rainy day by putting a little money aside each week, or each month. They put these "savings" into a bank account or a piggy bank or even a jar.

### Why have a rainy-day fund?

Tomas' parents gave him \$2 every week for allowance. But when the pandemic caused his father's company to close for a few months, his dad could no longer give Tomas an allowance.

Tomas had been putting 50¢ of his weekly allowance into a Rainy-Day Fund jar for a year. That totaled \$26. So even though he wasn't getting an allowance, Tomas still had some money if he needed it.

When his dad's company opened back up, Tomas started getting his allowance again. But this time, he started adding 75¢ to his rainy day jar every week.

By saving 75¢ each week, how much will be in Tomas' jar after one year?

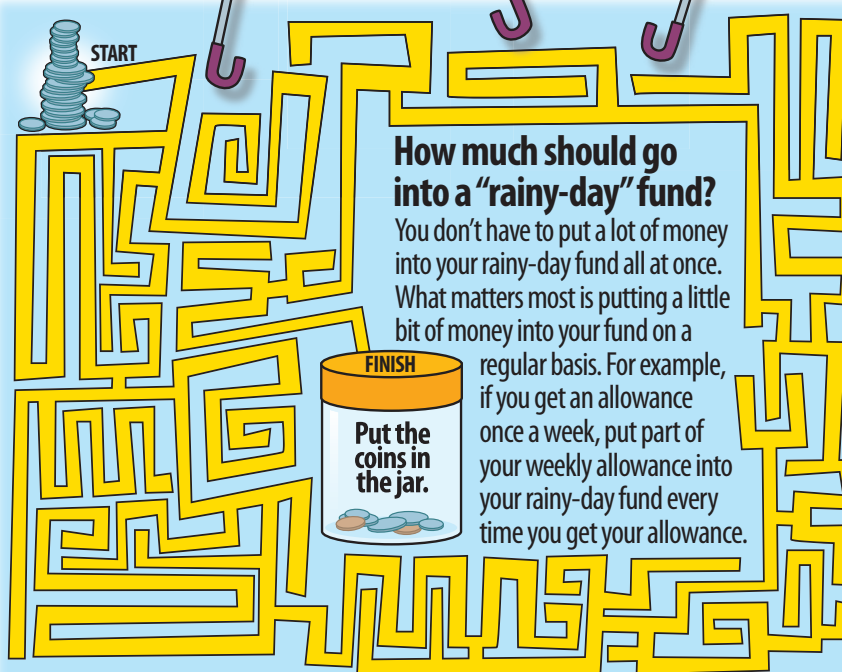

Can you draw lines to connect each umbrella's twin?

### How much is in Alma's bank?

Alma's grandmother sends her \$25 every year on her birthday. Alma is 11 years old, and her grandmother started sending the money to her on her 5th birthday. Alma saved half of the money each year in her Rainy-Day Fund piggy bank. **How much is in Alma's piggy bank now? Write the amount on the bank's label.**

### How much should go into a "rainy-day" fund?

You don't have to put a lot of money into your rainy-day fund all at once. What matters most is putting a little bit of money into your fund on a regular basis. For example, if you get an allowance once a week, put part of your weekly allowance into your rainy-day fund every time you get your allowance.

### Martina's Money Mistakes

Martina earned \$5.00 each week watering and weeding her neighbor's garden. Unfortunately, Martina spent almost all of that money every week building up her sticker collection.

Martina's neighbor moved away last month. Martina's bike got a flat tire and she doesn't have the money to get it replaced. She now wishes she had saved money in a Rainy-Day Fund jar like her cousin Tomas.

Can you think of a time when you could have used a Rainy-Day Fund jar of your own?
