

OBITUARIES

Patrick Sidney Morrisson

Gearhart

May 3, 1948 — Feb. 26, 2021

Patrick Sidney Morrisson, loving father and husband, died on Feb. 26, 2021, at the age of 72. He bravely fought cancer for six years before passing peacefully at his home in Gearhart, surrounded by his family, with the sound of the mighty Pacific Ocean.

Patrick was born in Peoria, Illinois, on May 3, 1948, to Lawrence and Virginia Morrison. He was raised in Sun Valley, California, and graduated at age 16 from John H. Francis Polytechnic High School.

He was drafted into the U.S. Army and completed two tours in Vietnam, but as a stubborn pacifist who never loaded a bullet in his gun. He was honorably discharged and stayed in Vietnam as a civilian with Pan Am airlines. He then traveled the world, living in Australia and England.

Patrick returned to California and attended American River Community College and Sacramento State as an education major. It was in college that he fell in love with his wife of 46 years, Lenore, "the most beautiful woman I had ever seen," who happened to be dating his best friend.

Patrick and Lenore moved to Cannon Beach in 1979 and married in 1980. Patrick loved his family more than anything; he was a wonderful father who nurtured his daughters' interests and showered them with love.

The family was involved with local community theater, having many fond memories of

performing in Coaster Theatre productions.

Patrick's career in education began as a teacher at Seaside Heights Elementary School. His students remember his kindness, love of learning and teachings of peace. He then worked for Clatsop Community College as a guidance counselor. He and Lenore ran a small home video business, Coastal Video Productions.

Patrick loved the Portland Trail Blazers, fishing, daily walks on the beach, crows, hearing from former students, photography and watching his daughters grow up. He was excited to welcome his first two grandbabies

to the world this summer.

He was preceded in death by his parents, Lawrence and Virginia Morrison.

He is survived by his wife, Lenore Morrison of Gearhart; daughter, Maria Morrison Copolillo and Chris Copolillo, of Los Angeles; daughter, Sydney Morrisson and Troy Douglass, of Portland; brother, Michael Morrison and Brenda Morrison, of Santa Clarita, California; and cat, "Lucy," of Gearhart.

Services will be held at a later date.

In lieu of gifts and flowers, the family requests that donations be made to the Patrick Morrisson Memorial Scholarship fund for Seaside High School students.

Donations can be made online at bit.ly/PMorrisson or contact Lenore Morrisson for more information.

Patrick Morrisson

Robert 'Bob' Lester Eaton Jr.

Camas, Washington

Sept. 28, 1945 — March 4, 2021

Robert "Bob" Lester Eaton Jr. passed into the loving hands of his Lord March 4, 2021, at the age of 75, after a short illness.

In his final days, Bob was surrounded by his loving wife, Bobbie, son, Brad Eaton, and daughter, Mindy Durias. Bob and Bobbie resided in Camas, Washington.

Bob was a loving and committed husband, father, grandfather, brother, uncle and friend who never missed a chance to spend time with his family.

Bob met his wife, Bobbie (McCallister) Eaton, in 1988, and the two were inseparable from there. Together they success-

Robert Eaton

fully created a blended family, including Bob's children, listed above, and Bobbie's sons, Jay and Todd McCallister, her daughter, Amy Crowley, and, in total, 15 grandchildren.

Bob was preceded in death by his parents, Robert L. and Phyllis J. Eaton. He is survived by his family, already mentioned, and his brother, Len Eaton; sister, Kathy Logemann; and many cherished

cousins, nieces and nephews.

Bob's family will be holding a celebration of life gathering in July. Please request service information from Bob's family.

Facebook expands in Oregon with data center, fiber-optic cable

By SUZANNE ROIG  
The Bulletin

Social media giant Facebook announced Thursday that it will add two new buildings to its campus in Prineville that will make it the largest in its fleet of data centers in the United States.

The two new buildings will add 900,000-square-feet to the campus, expanding the 11-building campus to 4.6-million-square-feet or the equivalent to nearly 80 football fields. Construction is poised to begin next month and should be complete by 2024. Two other buildings that were announced in June will be completed in 2023.

Its investment in the Prineville center is about \$2 billion, the company said.

Facebook is also nearing completion of bringing a fiber-optic cable ashore in Tierra del Mar, according to The Associated Press. Crossing the Pacific Ocean, it will link multiple U.S. locations, including the data center in Prineville, with Japan and the Philippines.

Facebook opened the first data center in Prineville in 2011 and employs as many as 1,000 people. The campus is located in a city with a population of 10,000.

Prineville Mayor Jason Beebe called the expansion "great news" and said he believes it will help attract other businesses to the community.

"This latest investment into their site in

Prineville is a continuation of the great partner they are for the city and the community," Beebe said. "The technical jobs that come with expansions like these are great, but there is not as much focus on the jobs that are created from the trade industries. Plumbers, electricians, construction workers and many more trades are in high demand at sites like Facebook's and it continues to add to the job market in our area."

Facebook's data centers have worked to be energy and water-efficient. The Prineville center is supported by two solar projects. It also has a water restoration project to overcome increasing water demands to cool the center.

Typically, data centers aren't large employers for their size. They are drawn to the community because of Oregon tax breaks that provide tax exemptions, low power costs and stable weather. Apple also has a data center in Prineville.

The area where the data centers are located is in an enterprise zone that gives businesses property tax exemptions for a period of years. For Facebook, it's 15 years.

The expansion, while applauded by city and state officials, was not embraced by Rick Steber, a Prineville businessman.

"I do realize there is a need for the services provided by Facebook and Apple centers, but it's that old adage, not in my backyard," Steber said. "They are an eyesore when viewed from anywhere on the north side of Prineville."

Hazel Nyberg

Astoria

March 9, 1954 — March 6, 2021

On March 6, 2021, Hazel Nyberg, caring wife, loving mother of two children and proud grandmother to six children, passed away at the age of 66.

Hazel, an Inupiaq native, was born on March 9, 1954, in Wales, Alaska, to Teddy and Ruth (Angna-booguk) Koweluk.

She moved to Nome as a toddler and later moved to Anchorage as a teenager. She grew up in a simple era, where her family hunted and gathered food.

Hazel moved to the Oregon Coast in the early 1970s. She married Carl O. Nyberg, of Astoria, on Aug. 30, 1972. They raised two children, Erik and Terri, in nearby Brownsmead.

Hazel loved the open road and lived to visit the many local shops and restaurants around the Oregon Coast. She enjoyed doing native beadwork and knitting blankets. She enjoyed walks on the beach and visiting her numerous friends.

She loved spending time with her beloved family, especially her grandchildren, and always put others first. She was known for her gentle and caring ways.

Hazel was preceded in death by her mother, father and sisters, Kay Orfittelli and Louise Blake.

Hazel is survived by her husband, Carl O. Nyberg, of Astoria; son, Erik Nyberg, of Whidbey Island, Washington; daughter, Terri L. McLeod, of Sammamish, Washington; and grandchildren, Isaiah, Nathaniel and Jacob Nyberg and Paige, Grant and Brooke McLeod.

Hazel is also survived by her brothers, Bob, Mike, John and Harvey Koweluk; and several cousins, aunts and uncles.

In lieu of flowers, donations can be made to Shriners Hospitals for Children.

Due to COVID-19, a memorial will be announced at a later date.

Hazel Nyberg

We've gone ABOVE & BEYOND to make sure you are COMFORTABLE & SAFE at your next dental visit.

We have Infection Control Procedures in place for your safety & ours.

\*\* In addition to a filtration system, external vacuum systems, air purifiers, and foggers, we have added negative pressure to all operatories. The safety and comfort of our patients has always been a priority at Klemp Family Dentistry. We are very proud of these innovations. Thank you for your continued confidence in all of us.

Thank you Diamond Heating and JJ Electric Service LLC for completing our negative pressure system.

Excellence in challenging conditions. ★★★★★  
Diane G.

I saw the highest standard of health safety practices in effect during my hygienist appointment today—much higher precautions than I'd seen in a local hospital when having tests last month. The new sanitation equipment and attention to patient safety at Klemp Family Dentistry is in keeping with a dental practice I consider cutting edge with respect to all my dental needs. It's wonderful having a world class dental practice here at the coast, one where I can have procedures performed for which I used to have to travel to a specialist in Portland. I have been a patient of several local dentists in the past, but none had the skill and, more importantly, the attention to patient comfort that Dr. Klemp provides.
