

Clatsop County wants to send a special

THANK YOU TO VOLUNTEERS!

On behalf of the more than 11,000 members of our community who have been vaccinated over the last three months, the Clatsop County COVID-19 Task Force would like to thank the more than 200 volunteers who have helped make this possible. The individuals listed below have answered phone calls, pushed wheelchairs, sanitized areas, provided information, handed out vaccination cards, and administered more than 18,000 shots. Without your dedication and commitment to this program, we would not have been able to accomplish what we have. We still have a long way to go, but with your continued support, we know we will be able to reach our goal of 70% of our county vaccinated by the end of June.
