

Luke Whittaker/Coast River Business Journal

The Shelburne Hotel is considered by many as a haunted building on the Long Beach Peninsula.

NEW BOOK DETAILS LOCAL GHOST TALES

BY ZOË BUCHLI

Using ghost stories as a vehicle to tell the southern Washington coast's history, author Sydney Stevens of Oyster-ville, Washington, takes readers on haunted adventures up and down the Long Beach Peninsula in her new book.

"Historic Haunts of the Long Beach Peninsula" tells the tales of ghostly encounters in the Long Beach area using historical documents and firsthand accounts.

While Stevens loves ghost stories, she's most interested in using her stories to share the rich history of the region with her

Where to purchase the book

Sydney Stevens' books are available to purchase online at sydneyofosterville.com and arcadiapublishing.com

community.

"This is a sneaky way of getting people knowledgeable about the history of our area," she said. "I think telling history through stories is a great way to capture a larger audience."
