

EXPLORING CULLABY LAKE AND CARNAHAN COUNTY PARKS

BY LINDA K. HOARD

Locals have enjoyed Cullaby Lake and Carnahan county parks for years.

Tucked off U.S. Highway 101 just south of Warrenton, the parks offer a large lake for water sports and fishing, a children's swimming area, picnic shelters, walking trails, a historic cabin and a playground.

Cullaby Lake is maintained by park hosts Stephanie and Bill Murray. They live on-site and help set up the park for parties, sell park passes and lock the park gates at night. The couple has held the job for three years.
