

# TOMORROW'S HOROSCOPE

FRIDAY, AUGUST 6, 2021

**ARIES (March 21-April 19).** The reason you want to know about someone is more than sheer curiosity. You wonder about the potential. Do you share commonalities? Is there an opening? Can you make a connection? The right questions will be key.

**TAURUS (April 20-May 20).** You have an urge to open all the windows and doors so fresh, life-giving air can circulate. This is the same urge that sends you adventuring into the wide, busy world.

**GEMINI (May 21-June 21).** In much of life, the first step is a point of no return. This is why arenas allowing for experimentation are so popular. They embody the nature of play, which is to try things without serious consequence or commitment.

**CANCER (June 22-July 22).** As compassionate as you are, listening to talk that goes on and on meaninglessly feels like an assault. With a healthy appreciation for pleasant, articulate brevity, you'll craft your side of the conversation accordingly.

**LEO (July 23-Aug. 22).** To some degree you can choose your teachers and your students, though life will surprise you in this regard. You'll get the equivalent of a weird substitute or rambunctious pupil and make the most of it.

**VIRGO (Aug. 23-Sept. 22).** The work feels like a grind because it is. But at least it's a grind that matters, as it feeds and fortifies you and others. This gets harder before it gets easier, but heavenly forces will eventually come to your aid.

**LIBRA (Sept. 23-Oct. 23).** That which disturbs you also interests you. Do you dare look into it? A tiny peek will be an interesting exercise in your sensory and emotional responses. One small

dose can start your process of immunity.

**SCORPIO (Oct. 24-Nov. 21).** Humility must be cultivated. Without it, we are prone to mistakes of arrogance. The things we are so certain of become dangerous. A humble heart purifies your personal atmosphere and all you do there.

**SAGITTARIUS (Nov. 22-Dec. 21).** Just because you have the right of way doesn't mean you should proceed. It's best to proceed, head on a swivel, ready to yield, speed up and do whatever assists the flow.

**CAPRICORN (Dec. 22-Jan. 19).** When you're not strong enough to knock down the wall that closes you in, inspect it for weakness; one crack is all you need to start chipping away. Don't see it? Look closer. There always is one.

**AQUARIUS (Jan. 20-Feb. 18).** On a spinning planet, even the most stable and concrete relationships are changing all of the time. Don't let that throw you off-balance. You're at your best when you expect the road to wind.

**PISCES (Feb. 19-March 20).** Belonging is a feeling happening in a person, a poetic sense or a spiritual resonance. It's not a fact. Belonging is subjective truth. The only person who can tell you where, if and how you belong is you.

**FRIDAY'S BIRTHDAY (Aug. 6).** You are good at what you do and excellent at describing it, making you a marketing genius who earns top dollar for positioning yourself so well. You'll get deep satisfaction from a key relationship with many rich layers. There's a test in October and prize in November. You'll celebrate love and then be swept up in it. Libra and Aquarius adore you. Your lucky numbers are: 8, 30, 2, 22 and 14.
