

SURPRISINGLY EDIBLE

Looking for local seaweed

BY REBECCA LEXA

Walk along the coastline in our region, especially after a storm, and there's a good chance you'll find some seaweed washed up on the shore. And if the tide is low, you may even get to see some species growing live, especially on rocky outcroppings.

See Page 5

Lissa Brewer

Bull Kelp commonly grows in offshore kelp forests along the Oregon Coast.
