A CARD OF APPRECIATION 1910

Our business for 1909 so far exceeded in volume of business any former year in our history that we cannot but believe that our

"PUTTING OUR CUSTOMERS AHEAD OF OURSELVES POLICY"

has been the means to the end; but even with that square deal policy we have an appreciative host of customers to heartily thank for our great increase in business in 1909.

You will find that a safe policy to trade under whenever you require anything from the Drug Store and only under that policy is your patronage solicited for 1910.

CHAS. N. CLARKE

The ladies' club met with Mrs. H. C. Lowden on Friday, and report a very pleasant time, the good sleighing enabling nearly every member to be present. This was the first full dress occasion, made so in honor of Mrs. Hamlin's going away.

About twenty-five couples attended the New Year's party at Smith's Hall on New Year's Eve, and a very enjoyable time was had.

The Underwood post office is making a fine showing in the increase of business in the last few months. Both stamp and money order sales have increased over five times what they were when the present postmaster took charge of the office.

We notice with a good deal of amusement that the "Hood" correspondent in his effort to keep up appearances, is in the habit of re-appearing some of the items in the Underwood column, and labeling them "Hood." Not all of us care to fall under the "Hood" colors, and we wish to call the "Hood" man's attention to the fact that when he gets out of sight of Findley's pigeon, he is out of the city limits, and we ask him to be a little more careful in the future about the territory that he hunts in for news.

A good deal of interest in road matters has been shown by Underwood people lately, and a committee of five will attend the January meeting of the county commissioners in order to inaugurate some changes in the present road system that we hope will tend to give us better roads and more of them.

An Object Lesson.

Editor News:—The saloon situation at The Dalles is becoming very interesting and furnishes an illustration of what the liquor power can do to thwart all just laws. How it will terminate remains to be seen. The saloon men and brewers ought to be able ere long to get the handwriting on the wall and govern themselves accordingly. In the present crisis it is just this condition, that will go far towards eliminating the whole despicable business. The best form of saloon regulation is extinction. J. M. H.

A Sprained Ankle.

As a rule a man will feel well satisfied if he can hobble around on crutches in two or three weeks after spraining his ankle, and it is often two or three months before he is fully recovered. This is an unnecessary loss of time, as by applying Chamberlain's Salve, as directed, a cure may as a rule be effected in less than one week's time, and in many cases within three days. Sold by all good dealers.

It pays to advertise.
