UNDERWOOD

Mrs. A. J. Haynes and Mrs. W. F. Cash went down to Portland last week. Mrs. Haynes is still in the city.

Mr. and Mrs. Wm. Underwood have been in Portland, visiting with the latter's sister, Mrs. Hugh Jones.

Amos Underwood visited in Stevenson recently.

R. A. Wheeler, of Yankton, S. D., stopped over Sunday to visit his brother-in-law W. F. Cash. Mr. Wheeler is state agent for the North American Insurance Company and won their special premium for writing the largest amount of new business in 1909.

A letter received from H. W. Hamlin, who is taking the short course at Pulman, speaks very highly of the institution. The short course has over 100 enrolled and they come from every part of the world, Canada and England furnishing quite a large number. We suspect that after Mr. Hamlin's return we will have to wake up and make a good many changes in our way of doing business if we are to keep up with the latest.

The eighth grade pupils of the Underwood school debated the question, "Resolved that the city offers more advantages to children up to 21 years than the country." Gladys Hamilton, Herman Dart and Wiley Veach took the negative and Ralph Westfall, Edith Hamilton and Donald Lowden the affirmative. The decision was given in favor of the negative, as they produced the greater number of arguments in favor of country life.

We occasionally hear rumors of activity in state road matters and still have some hopes of living to see at least the beginning of the work.

The annual meeting of the Underwood Improvement Club was held Saturday at Smith's hall.

Stomach Trouble Cured.
If you have any trouble with your stomach you should take Chamberlain's stomach and liver tablets. Mr. J. P. Klote, of Edina, Mo., says: "I have used a great many different medicines for stomach trouble, but find Chamberlain's stomach and liver tablets more beneficial than any other remedy I ever used. For sale by all good dealers."

BIG SALES IN MOSIER LANDS

Several big land sales took place at Mosier recently. A large tract was purchased by C. K. Marshall, a local capitalist and fruitman. Mr. Marshall will develop his purchase at once and is endeavoring to secure a large force of men to begin operations as soon as the weather permits. A tract of 200 acres has been sold to C. A. McCarger, of the Portland firm of McCarger, Bates & Lively. It was secured through the agency of McGregor & Bothfar.

Other sales are 57 acres to Miss Eva Carpenter, of Cleveland, 28 acres being in young trees, for \$8500, and 160 acres to the Homestead Orchard Co., of Seattle, for \$9000.

Have buyers for some improved and unimproved fruit farms. Call and list your place with Geo. D. Culbertson & Co.*

MICRO
ITCHING SCALP
DANDRUFF AND
FALLING HAIR

are but outward signs of the evil done in secret by myriads of dandruff germs sapping the life blood of the hair. Micro kills the parasite, soothes the itching scalp, gives lustre to the hair and stops it falling out. A single application gives relief and proves its worth. Save your hair before too late. Micro prevents baldness. It is a delightful dressing for the hair, free from grease and sticky oils. Ask your druggist for free booklet.

The woman suffrage forces of Washington are jubilant in having enlisted organized labor in support of their cause. The State Federation adopted strong resolutions commending votes for women. Those in charge of the campaign declare they are gaining strength every day. Mrs. Carrie Chapman Catt has enriched the exchequer with a \$500 contribution and extensive offices are being fitted up in Seattle as headquarters. Each issue of the official organ contains a poster supplement which recipients are requested to post in conspicuous places.
