Then we have an assortment of the latest Nozzles which we want you to see. Try them out on one of our pumps right here in our store and make sure it is exactly what you want. It saves you time and trouble, and adds to our list another pleased customer.

POWER PUMPS

We have every confidence in the world in the HARDIE POWER SPRAYER. There are several of them in use in the Valley, and each one giving perfect satisfaction. We have

purchased FIFTEEN of these machines for the coming season. Already we have FIVE of them sold, to be delivered as soon as the roads are in shape. We have one in our store, ready to operate. Come in and look it over. We will be glad to show you how it works--and if you are not convinced by that, we will demonstrate it in your own orchard.
