**LAND PLASTER**  
Have Utah Land Plaster. This plaster has been analyzed by C. E. Bradley, chemist of the Corvallis Experiment Station, and the analysis gave Over 98 % Gypsum.  
**STRANAHAN & CLARK**

The Sans Souci club met with Mrs. Bryant last week and enjoyed a very pleasant afternoon in the usual way.

J. H. Layton, a Portland man, who bought ten acres in the vicinity of the E. E. Lyons place not long ago, sold it through the agency of J. H. Heilbronner & Co., Saturday, to Dr. V. B. Gregory of Wallowa, Oregon. The price was \$7,500.

The University club dance held Friday evening was, as usual, an enjoyable affair, the hall being handsomely decorated and the music all that could be wished for. Refreshments were served during the evening. A number of out of town guests were present and the program of dances was fully participated in by all present.

The Thursday Afternoon Musical club will meet this week with Mrs. C. K. Marshall. Two vocal numbers will be given; one by Mrs. O. J. Nelson and the other by Mrs. Sletten. The instrumental numbers will be given by Mrs. Galloway and Mrs. Wilbur. The work of the glee team will afterward be taken up.

While returning home from lodge meeting late Saturday night, a number of Hood River residents report the appearance of a gorgeous rainbow produced from reflections of the moon. This is a new one on us. We are not denying it, as we always go to bed early, and also we are satisfied Hood River will produce anything, even to rainbows, at night. Perhaps it was the tall of Halley's comet or a reflection of the gorgeous vestments used in working some of the degrees at the lodge meeting. Anyway it is reported by several reliable witnesses as having appeared.

The J. U. G. girls were entertained at the home of Mrs. E. H. Hartwig last week with a Washington party. One of the young ladies essayed the part of George Washington and the evening was opened by dancing the minuet of colonial times. The costumes of the party were of the period in which the country's savior flourished and George was as popular as in the days of yore. The prizes for the games were won by Miss Andrews and Miss Sturgiss. An elaborate lunch was served and the evening highly enjoyed. The decorations were carnations and flags, the place cards being red and white hatchets, with a bunch of violets tied with white ribbon.

**Hold Farewell Meeting**  
The Neighborly club met with Mrs. Murray Kay on Feb. 24. The meeting was especially a farewell for Mrs. Wm. Kerr, the prime mover in organizing this club. Just before the serving of refreshments Mrs. Reed, the president of the club made an impressive speech and presented Mrs. Kerr with a very beautiful booklet, designed and decorated by Miss Carter and composed of quotations and loving wishes from the club members. A letter was also read by Mrs. Stafford, an absent neighbor, wishing Mr. and Mrs. Kerr "God's speed"—Mrs. W. R. COLLIE, secretary neighborly club.

**A Giant Radish From Japan.**

The February issue of The Fruit-Grower, published at St. Joseph, Missouri, is an Annual Gardening number, and comprises eighty pages and cover. It contains a number of interesting articles on the subject of spraying, marketing and packing of fruits, in addition to a mass of interesting data on the subject of gardening.

One of the main features is the story telling how readers of The Fruit-Grower raised the Giant Radish from Japan, Sakurajima, to an enormous size, some of the radishes weighing as much as twenty-three pounds.

The article in question is profusely illustrated and gives reports from a number of readers who have grown real giants of this giant radish. Sample copies of The Fruit-Grower will be sent free to our readers, who will write to the publishers and ask for them.

**An Ideal Cough Medicine**

"As an ideal cough medicine I regard Chamberlain's Cough Remedy in a class by itself," says Dr. R. A. Wiltshire of Gwynneville, Ind. "I take great pleasure in testifying to the results of Chamberlain's Cough Medicine. In fact, I know of no other preparation that meets so fully the expectations of the most exacting in cases of croup and coughs of children. As it contains no opium, chloroform or morphine it certainly makes a most safe, pleasant and efficacious remedy for the ills it is intended." For sale by all good dealers.

**Call For Anything**

You can name in the grocery line and you'll find it here. We handle every good specialty as well as the standard staple and fancy groceries. To try them is to find out how good they are. To keep on trying means a decided reduction in household expenses and better things to eat besides.

Born—To Mr. and Mrs. C. R. Stark on February 25th, a girl.

Geo. D. Culbertson & Co. write all kinds of insurance. Fire, life, accident, plate glass and bonds.

H. J. Fredericks and Henry McGuire, who have been staying in Southern California for several weeks, returned home Sunday.

The J. N. Teal, of the Open River Transportation company, has resumed her regular trips and is again giving patrons the benefit of her excellent service.

A Greek, working on the railroad near Cello, had one of his hands cut off Saturday by being thrown under a moving train. He was taken to The Dalles where the injury received attention.

Born—To Mr. and Mrs. C. L. McCoy of Odell, February 28th, a girl.

A brakeman, deadheading his way between Portland and The Dalles, was thrown off the train here in a very badly battered condition about the head and face. He stated that he had had some trouble with the conductor who assaulted him with a lantern. After having his injuries dressed, he left Sunday morning for Portland declaring that he would report the offender.

A runaway Thursday night that came near resulting in a serious accident, took place at the corner of Ninth and State streets when a boy ran into a team driven by A. T. Fuller. The horses in jumping overturned the sleigh and broke loose, running through town and out the east side grade to the residence of J. L. Carter, where they were caught and brought back to town. Mr. Fuller was thrown from the sleigh and jarred up considerably.
