Government By Commission.

Northwest cities will watch with interest the outcome of the Charter Amendments to be voted on at the coming municipal election in the city of Seattle. Two of these amendments are intended to give the city two of the essential features of government by commission. Instead of seeking to adopt the full commission idea, these two proposed amendments provide, the one for the election of nine councilmen at large instead of electing the body from the several wards, the other for a non-partisan primary.

ALL OREGON NEWS

Portland, Or., March 1 (Special) Oregon is to get wide publicity throughout the East during the coming year if the plan of Louis W. Hill, president of the Great Northern Rail-

way, works out. Mr. Hill proposes to gather exhibits of what Oregon raises and place them in an exhibit car which will be sent East and routed through the sections of the country where it will do the most good. That these exhibits will ac-

complish a great deal, accompanied as they will be by a lecturer, is certain and that many thousands of settlers will be brought to this state as a direct result is believed. An actual demonstration of what this state can produce in fruits, grains, grasses, vegetables, etc., will unquestionably prove convincing to the Easterner. Attractive literature will accompany the exhibit car, telling of opportunities here for the home seeker and the lecturer will answer questions about this state. President Hill asks support for his plan from Oregon people in the gathering of exhibits with which to equip the car. His company now has representatives in this state collecting information to be used in the advertising campaign to be waged by Mr. Hill.

Since the Portland Union Stockyards opened for business last September, 2189 cars of livestock have been handled there, representing an approximate valuation of \$4,000,000, according to Manager D. O. Lively. The market thus established has been of great value to the city and to livestock growers throughout the Pacific Northwest for competition for their products has resulted in better prices and quicker sales than formerly. Hogs this week have been hovering around the \$10.00 mark and mutton has been very high as well.

A remarkable sale of Oregon fruit lands was that made during the past week when the Burrell orchard, of 605 acres, near Medford in the Rogue River Valley, passed to new owners for the record-breaking figure of 500,000. Captain Gordon Voorhies, of Portland, sold the property to C. M. Speck and associates, of Spokane. The orchard has a splendid record, returning a fortune each year from its large acreage of apples and pears. It is said a portion of the orchard may be sub-divided and sold in small tracts by the new owners.

Portland is to have an aviation meet March 5, 6, and 7. Business men have organized a three-days exhibition of flying machines and D. O. Lively has been made manager of the event. Charles K. Hamilton, celebrated aviator who made flights at the Los Angeles meet and captured many prizes, will be the star of the coming contests and will try to set new world's records for altitude, high and low speed flights. Four local aeroplanes will be entered in the contests, while Mr. Hamilton will bring Curtiss, Wright and Farman biplanes, which he will fly. Big

prizes are offered for successful flights and with favorable weather conditions, it is expected some new world's records may be made. The meet will be held on the Country Club grounds east of the city. Special rates have been made on the O. R. & N., Southern Pacific and Hill lines from outside points to Portland and return during the progress of the meet, and a large attendance is expected.

The Booster's Excursion

The springtime outing of Northwestern people, mistakenly called a midwinter excursion, starts this year on March 19, when the special trains of the Southern Pacific leave Puget Sound for the run through Oregon and California. Last year the excursion was made a boosting trip for the Alaska-Yukon-Pacific exposition; this year it will be for general boosting purposes of the whole Pacific northwest and people of every northwestern city are expected to bring along a supply of literature.

The Steamer TEAL

leaves Portland for The Dalles, Big Eddy, and way points, Tuesdays, Thursdays and Saturdays at 7 a. m., returning Mondays, Wednesdays and Fridays, leaving the Dalles at 7 a. m. Resumed service Feb. 1st, 1910.
