

WE SELL

JOHN DEERE GOODS

Everything on this page is sold and guaranteed by the
JOHN DEERE PLOW COMPANY
 and carries our own personal guarantee.

Five Tooth Cultivators made entirely of steel--handles and all. Same thing in seven tooth cultivators either with or without Horse Hoe attachments. Cost no more than other kinds.

The Famous Mathews Garden Tools

Hill and Drill Seeder with Cultivating Attachments, or Seeder only. We are exclusive agents.

We are proud of the Orchard Trucks we are selling. They are made by the John Deere Plow Co. That's guarantee enough for us. Four inch metal wheels, cast skids, and made of only the best of seasoned materials--not made out of culls.

The John Deere Fifteen Tooth Spring Tooth Harrow is the most popular tool of its kind offered. Has steel shoes for traveling, is made in two sections, and clamps are malleable, thereby insuring them against breakage and trouble.

We have a beautiful line of Buggies, all the latest models--automobile seats, quick removable tops, etc. Open Bike Buggies, Top Buggies, Road Wagons, Surries and Spring Wagons. We quote Portland prices--and pay freight, besides.

A new innovation in plowing. Once more proving their claim of "always in the lead," the John Deere Plow Co. have placed on the market a two way plow, for use on hillsides or level land. We have one on our floor for your inspection. Make it a point to see it when you are in town.

Complete assortment of Spike Tooth Harrows, all with low levers for getting under trees. Sections each have 25 teeth and guard rails. Clamps malleable--we replace all you can break.

The John Deere Vehicles need no recommendation nor introduction in the Hood River valley. They have been for several years past the standard by which other vehicles are judged. For service and finish they cannot be excelled, and the prices are right.

The Davenport Roller Bearing Wagon has been a winner wherever used. Several of them have already been sold in the valley--and every one giving perfect satisfaction. Made entirely of steel, with roller bearing axles. Send for booklet.
