CHAS. N. CLARKE

GLACIER PHARMACY
Hood River :: :: Oregon

Miss Hattie Young, of Victor, Ore., is helping Mrs. Dickinson with the work at the boarding house.

Mrs. J. L. McKittick, of Portland, returned Wednesday after a ten days stay with her sister Mrs. J. W. Dickinson.

Miss Bessie Wheeler and Mattie Jensen, of Hood River, visited with Hattie Young Sunday afternoon, returning home on the evening local.

Report comes from A. J. Snider who is at present at Lyle, Wash. that he is steadily improving and hopes to be home again in a week or two. Mr. Snider was at the hot springs at Carson, Wash. for four weeks with inflammatory rheumatism and he received great help from the hot baths.

Mrs. C. E. Copple entertained a party of little folks at her home Saturday afternoon in honor of her niece Miss Lavelle Taylor, of Portland, it being that young lady's eighth birthday. The best part to the little folks was when they were called in and gathered around the beautifully decorated table and served with ice cream, cake, sandwiches and oranges. They all felt that Miss Lavelle should have a birthday at least once a week.

Tots Entertain Parents

The children of Miss Stickney's kindergarten entertained their parents at a May Day party last Friday morning between nine and eleven o'clock. The little people gave a May Pole Dance and illustrated several periods of their daily program with songs, rhythms and games. At eleven o'clock the parents were requested by the children, to leave, after which the little ones prepared their May Baskets for the mothers' surprise. Following are the names of the children belonging to the kindergarten: Marion Butler, Evelyn Cram, Jack Cram, Virginia Duro, Rosalie Edwards, Louise Jenkins, Maurice Kinsey, Alice Morlan, Avis Nelson, Helen Osborne, Sletton and Prudence Spite and Tessie Newby.

W. G. Ide and family were Sunday guests of G. Y. Edwards and family.

proved with three new porches and a new coat of paint.

Mr. and Mrs. Flmer Stroup came up from Portland Saturday to visit friends and attend the dance.

W. A. Husbands was laid up for several days with la grippe, but was able to go to work the first of the week.

Miss Foster, a sister of Mrs. H. G. Kibbee, arrived Thursday from the east and will spend about six months visiting here.

At a meeting of the school board, held last Tuesday afternoon, the same teachers were hired to teach for the next school year.

Mrs. W. P. Sturgiss went to Portland to attend the Sunday School convention which was held on the 27th to 29 in the White Temple.

Rev. Adams, of Hood River, preached in the Christian Church Sunday morning and evening. Rev. Adams is a very able speaker and those that did not attend missed two good sermons.

Jim Sturgiss has opened up a real estate office in the back of the Bulletin office. Jim was born and raised in Mosier so it will be safe to say he can tell the strangers all about its good qualities as well as know every inch of land within its boundaries.

The Odd Fellows' 91 anniversary was celebrated with a sermon held Tuesday evening in the Christian Church. It was largely attended and all enjoyed Rev. Gilmore's discourse. At the close of the meeting the ladies of the Christian Church served ice cream and cake. Something over \$18 was taken in.

RUTHTON

Mrs. Roy Cahoon and son visited at the home of F. R. Absten Sunday.

Mrs. M. R. Noble and daughter Emma Sundayed with the family of F. R. Absten.

Patriotic.

That Kentuckians have a very high regard for their native state is illustrated by this anecdote told by one of them:

Once a Kentuckian died, so a near relative went to the local tombstone artist to arrange about an inscription on the deceased's tombstone.

After due cogitation the near relative said:

"Carve on it, 'He's gone to a better place.'"
"I'll carve, 'He's gone to heaven,' if you want me to," remarked the tombstone artist, "but, as for that other inscription, there's no better place than Kentucky."

Couldn't Ruin Their Eyes.

Sir Henry Holland, the noted English physician, had his studies interrupted by a youth who wanted advice. The young man, with considerable swagger, said he proposed locating in some town as an oculist. A city in which a large number of students were located was preferred. "There," he continued, "I would have unlimited opportunities of treating the eyes of overstudious scholars."

Dr. Holland was reluctant to have a

community's eyes endangered because of his indorsement of a doubtful practitioner. He thought a few moments and then advised the ambitious oculist to locate in a small town near Liverpool, stating that a large school was located there.

The young man thanked the doctor. In a few days he reached the suggested field for his experiments. The large buildings in the distance indicated a magnificent school and splendid opportunities.

He investigated and collapsed. The school was one for the hopelessly blind.

Lively Cheese.

A young lady entered a grocer's shop in London and asked for some good cheese. The grocer showed her an assortment which did not please her. She wanted some particularly "lively" cheese. He then showed her the remainder of his stock, amounting to some half dozen samples. No, she wanted it still more "lively." At last the grocer, losing all patience, sarcastically called to his assistant:

"John, unchain No. 7 and let it walk in."

E. L. Scobee, of Portland who will open dental offices in the apartments formerly occupied by Arnold & Rupp, arrived here Tuesday with Mrs. Scobee and is having the rooms refitted.

OAKDALE GREENHOUSE

Roses, Shrubs and Vines in good assortment for fall planting. Peonies 1 and 4-year old, 35c to \$1.00 each. Hardy Phlox, Bell Flowers, Cuscuta, Oriental Poppies, ready now. A full line of pot plants at Franz'. Phone for cut flowers.

FLETCHER & FLETCHER

The Biggest Snap of the Season

Have a Genuine Water Supply In Your Home

Farm, Village or Suburban

If you could look in at the windows of this beautiful country home you would catch glimpses of the kind of comfort, enjoyment and prosperity that an abundance of pure water, cold or hot, actually helps to produce.

An abundant water supply is the one thing indispensable. It makes country life, even pioneering, a pleasure, a luxury—a successful business, if you please. The Leader Water Supply System will even supply a

as desired, to kitchen, bath room, laundry, milk room, stable or even to most remote corners of the place—for water in barn or garden, or for watering stock in the pasture. We make it to suit your needs.

No Attic Tank
The tank is usually located in the basement, where machinery belongs. Or the pump may be in the basement and the tank may be buried in the ground as further protection against frost. Fire protection is also one of the strong points of the Leader System when installed in public institutions or municipalities.

Why We Can Guarantee
The complete apparatus is made right in our own immense works. We put in a perfect system.

This interesting book "How I Solved the Water Supply Problem," tells what is needed for one man. Just send for it, anyway, TODAY.
