

AUTOMOBILE SUPPLIES

We carry the only line of this kind in the city. See if you find something interesting in this list.

Oils—Our hobby is good automobile oil. We have made a study of this particular subject, and know what we are talking about when we tell you we have the best. One gallon cans, \$1.00; 5 gallons, \$4.50.

Grease—We sell the "Magnet" hard oil for your grease cups and "Non-fluid" oil for your gears. Don't buy any old "axle grease" you happen to pick up—your car deserves the best. 5 Pound can hard oil, \$1.10; 10 pound cans, \$2.00.

10 Pound Can Carbide.....	\$1.15	Assorted Cotters, per box.....	\$.20

Gas Burners, each.....	.25	Oil Guns, largest.....	.75
		Twitchell Air Guages.....	1.50

We are not bound by contract to sell any particular tires, but we do think, from personal use, that Morgan & Wright tires are good tires. We do not carry them in stock, but will quote Portland prices, and charge nothing for phone and express.

VEHICLES AND WAGONS

Our vehicle stock is a source of surprise to every one who visits our store. Our entire upper floor is a solid bunch of buggies and spring wagons.

All the latest styles in top buggies, bike runabouts, handy village wagons.

Our basement is full of the best wagons that money can buy. We have had a fine trade this spring on our wagons—we have been kept busy filling in our stock. We can give you any combination you want—wide or narrow track—light one-horse or heavy two-horse wagons.

STUDEBAKER—MANDT—MILBURN

STICK TO THE HANDLE

You get more facts about easy running right at the crank of a Sharples Dairy Tubular Cream Separator than by listening to talk. If a separator runs easily, *the crank tells you so* as soon as you touch it. We are selling the lightest running cream separator made—and it's the best every way you look at it.

The Sharples Tubular

The Tubular is the cleanest skimming, most durable, easiest to wash separator made—the waist low can saves your back, the enclosed gears can't pinch your fingers, the self oiling device saves time, uses the oil over and over and prevents dripping on machine or floor. The Tubular skimmed 2½ to 9 times cleaner than any other in a national clean skimming contest.

The Tubular is a money maker and labor saver. It increases the butter money 25 to 150 per cent—sometimes more—and lessens the work of handling milk about one half. Bring your wife around to see it. She'll say it is the easiest to wash. Let us give you a catalogue with a lot of good things in it.

Hay Tools and Fixtures

McCormick Mowers, 4 1-2 foot cut.....	\$55.00
