

AUTOMOBILES

Wouldn't you like to have one? Are you just a little bit jealous of your neighbor because he has one? We are agents for some of the best cars made. As the Franz Hardware people say, "We haven't got all the good ones corralled" but we have got a line we are proud of, and one you would be proud to own. It keeps us figuring to supply the demand, but we can supply this week *one Cadillac, one Hudson Touring Car and one Chalmers Detroit Thirty*. We are advised by our wholesalers in Portland that we cannot hope for any more than these three for the next two weeks. If you are interested.....

... Get Busy Now ...

Here we are with the best weeder ever made. The KIMBALL is the tool you want to fight the fern. We have all sizes. Call us by phone and tell us where you want one shipped.

- 5 1/2 ft. size . . . \$15.00
- 6 ft. size . . . 16.50
- 8 1/3 ft. size . . . 20.00
- 12 ft. size . . . 22.50

How a Studebaker Saves You Money

THE way to figure the cost to you of a wagon, a carriage, a buggy or a set of harness— is to figure the *cost per year* as long as you use it.

If a farm wagon, for example, that costs you \$200 lasts 20 years and requires only \$2 repairs, the *cost to you* of that wagon is \$10 a year.

If another wagon costs only \$50, and lasts 10 years, and requires \$10 worth of repairs, the cost to you is \$6 a year, at least.

Which is the cheaper?

There is no doubt about the *lasting* qualities of Studebaker wagons, carriages and harness.

It's the material that goes into them— plus the way they are made.

Studebaker farm wagons have axles 1/2 inch deeper than others, made from selected butt-cut Black Hickory— *circled* from 3 to 5 years.

The axles are also *reinforced* with a special bar of steel running from the heel of one skein to the other.

The Studebaker Patent Truss Skeins are made from cast iron having a transverse strength of over 3,000 pounds to the square inch—25% greater than the requirements of the United States Government—and probably 50% greater than the ordinary wagon.

The Studebaker hubs are large in diameter— furnishing a proper foundation for the spokes. They are treated with a secret solution which greatly adds to their weather resisting qualities.

The Studebaker scope-shoulder spokes—one of the greatest improvements ever made in wagon building— carry the largest amount of wood into the hub. They are *strongest* where other spokes are weakest.

The Studebaker patented round-edge tires are *oil-welded* and *cool-set*. That's why they never loosen.

And so on—point by point—feature by feature—nothing that will add to the durability and long life of the Studebaker is overlooked.

Do you wonder that it lasts?

Do you wonder that it is the wagon with a reputation behind it?

You cannot afford to buy a "cheap" wagon, when you can get the best for so little.

It is poor economy to be constantly paying out money for repair bills.

Get a Studebaker and save money.

Come in and let's talk it over.

We Are the Studebaker Agents

Gilbert-Vaughan Implement Co. Hood River, Oregon.

Our line of FENCE is practically indestructible. It is all the name implies.....

Pittsburg Perfect
Made in all heights with six or twelve inch stays, line wires close at bottom, making a chicken tight fence. The price will surprise you; call and ask us or send for price list.

We carry the *only* line of Auto Supplies in town. Oils, transmission oils, grease, spark plugs, funnels, battery connections, brass polish, carbide, gas bags, dusters (feather), lamp connections, gas burners, spark plug brushes, waste, mobo skat—in fact, everything.

ROTARY DISC PLOW

Here is something never before shown in Hood River—a *reversible* disc plow. No need of telling you the advantages of the disc plow in new ground—but we want you to see this *reversible* plow. If you doubt our word, come and take the plow home with you and try it out to your own satisfaction.

Our *John Deere* and *Studebaker* vehicles are the recognized standard of the Valley. Our display room for these vehicles is on the second floor. Come in and look them over—you'll think more of your home town when you see what an immense stock the business of the valley justifies us in carrying. We have the stock and assortment—you can see what you are buying, and then you get our guarantee also.
