I AM OPPORTUNITY

I am knocking at your door now. It is said I knock *once* at every man's door. I am knocking at yours *three times*, and my knocks will ring in your ears for *all* time. I don't want you to overlook me, because I am your good fortune.

I say to you "Go to Oregon now." If you are interested in fruit growing, dairying, poultry raising, or general farming, Oregon is the place for you. If you are interested in business openings, Oregon is the place for you. If you are tired of Eastern summers or winters—those terrible extremes—Oregon is the place for you. If you want to live and grow in a splendid, enthusiastic commonwealth, Oregon is the place for you.

I, Opportunity, ask you to investigate Oregon now. Vice President Fairbanks has termed Oregon "The Land of Opportunity," and I make my abode here.

I have asked the Secretary of the Portland, Oregon Chamber of Commerce to speak specifically for me, and I ask you now to address him in your own interest and learn about Portland and Oregon. I have knocked at your door three times.

Note.—This advertisement was prepared for the Portland Chamber of Commerce by the Sunset Home-seekers Bureau, Portland, Oregon. It will appear in July Sunset. This service is rendered in connection with the Co-operative Community plan of the Oregon Railroad & Navigation Company and Southern Pacific Lines in Oregon.

Live Local Topics

The Hood River band has been engaged to play at The Dalles on the Fourth, when our neighboring city will hold a big celebration.

John W. Weaver, a nephew of Mrs. J. W. Rigby, whose home is at Green Castle, Ind., arrived here Tuesday to make a study of the fruit business.

J. H. Mabey of Caldwell, Idaho, a well known fruit grower of that section and a brother of Mrs. W. L. Clark, was here last week visiting Mr. and Mrs. Clark.

The walls and ceiling of the Butler Banking Company have just been tinted, giving the banking room a handsome appearance. The work was done by J. B. Hunt.

Owing to the rain the game scheduled between Hood River and The Dalles was not played Sunday. At White Salmon the local team won, defeating Goldendale by a score of 5 to 6.

Mrs. R. E. Harbison left for Portland today with Miss Blanche, who has severe throat trouble. She will have an operation on her throat, hoping to find relief, Robbie, Jr., accompanied them.

Miss Blanche Harbison with Miss Frances Lake of The Dalles spent commencement week at Pacific university. The young ladies are former students of the university, and expect to return to take up their work again this fall.

Unfortunate children of the city, in whose lives there is too little sunshine, were given a treat this week when Portland automobilists gave the use of their cars for rides about the city that were much enjoyed by the children. Wards of the Boys' and Girls' Aid Society, the Children's Home and the People's Institute were the recipients of this outing and it was a happy bunch of children that toured the city in the big autos for two hours.

Because the eastern bond market is "off" Portland people are buying the city's improvement bonds, determined that betterments shall go ahead without delay because of financial conditions elsewhere. Bids made for the bonds by bond buying firms of the eastern money centers were far below what was considered satisfactory by Mayor Simon, in fact the best offer was to take bonds at 91. This meant a loss to the city and then the securities were offered locally at par. The first block of the \$2,000,000 issue authorized to build the Broadway bridge, amounting to \$250,000, is now being taken at home so there will be no delay or loss to the city.
