

Wagons of every description.
Wagons for hauling
gravel or for hauling
Groceries

McCormick Hay Tools are Good
Tools. We sell the Mowers
and Rakes besides the Fix-
tures for taking care of the
hay in the barn.

Studebaker

Ask any farmer who uses a Studebaker farm wagon and he will tell you that it has cost him less for repairs and has given him longer service than any other wagon he ever owned.

The Studebakers are the largest vehicle manufacturers in the world; they get first pick of materials; have unusual facilities; their more than fifty years experience has shown them how to build the best vehicle on earth. These reasons have put

Studebaker Vehicles and Harness

in the front rank. Exceptional materials, exceptional facilities, exceptional experience, exceptional skill, produce exceptional goods. You don't buy a wagon or carriage or a set of harness very often. Why not be sure you are getting the best? The more you investigate the Studebaker line, the more you will be satisfied as to its superiority. It's the kind of bargain which the longer you have it the better you like it. Come in and see.
