POLITICS STRIKES COUGAR HOLLOW

Cougar Hollow, July 10, '10
Editor Hood River News,

Dear sir—If you will allow space in your paper I would like to say a few words in regard to the proposed assembly and how its subsequent results appear to one of the outsiders in the far back woods.

We will venture the prediction that anyone that is nominated on the assembly ticket for either state or federal office will suffer defeat and submit the following as our reasons to base our opinion.

The primary law was in itself a state measure passed by the people through the assembly of the state legislature. Now the Oregonian has taken unto itself to set the primary law aside and to state, "Our way is the true way, you are the wrong."

I have spoken to a number here who feel that through the assembly some right will have been abrogated unto them and they, the people spoken to, will have none of it.

The history of the Oregonian has been, and I guess it always will be, that it never has been in accord with the Republican party in this state. This accounts for its many political defeats. This assertion may seem very broad. But let us see in a measure if the statement is not true.

It fought Hipple Mitchell for years, even lowering itself from its dignity to dwell in personalities, and was defeated every time by Mitchell.

It was not in accord with Blinger Herman, but Herman was a regular nominee of the Republican party.

The Oregonian bolted the ticket when Ellis ran for congress and substituted E. J. Northrop, who lost. The Oregonian claims that through the jugglery of the Democratic party Cake was placed in the race for senator instead of Fulton. If Fulton had of ran he would not of taken fourth money.

Now comes the Oregonian and states "We are the right way, you are the wrong. We need the assembly for the upholding of party principles. And that we in party assembly will show you who you are in need of to guide this ship of state." As the Oregonian in time of need has refused to support the very principles it is now trying to bolster up and advocate can it in reason think the rank and file will now support the assembly pet measure of its own self interest.

The common people will not support the assembly candidate. If there are any changes in the existing conditions to be made we prefer to do it ourselves, and we will in November.

FLINT BRADFORD.

My dear Flint:—Your communica-

Samuel and Grace Husbands left Thursday for their home in Portland after visiting for several weeks with relatives.

Mr. Rusher, brother to Mrs. Allington, moved out to their ranch Saturday, which they recently purchased off the old LaPill place.

W. R. Fessenden of Kansas, brother of Mrs. R. M. Ross, arrived Monday and will make this his home for a while. He will assist Mr. Ross in the bank.

Bernie Nichol celebrated his fourteenth birthday last Tuesday by inviting a few of his boy friends in to take lunch with him and have a good time in general.

tion gives me great pain, the seat of which I prefer not to disclose even to you. Your tender solicitude for the dear "people" is indeed surprising. When did it happen? It is so sudden.

What pains me most is that you should wave the pure and undefiled primary law with one hand and rush to the defense of John Mitchell and Blinger Herman with the other. Also that you should go back on the good old constitution of the United States that gives everybody the free and equal right to assemble, even the cougars and bears. I fear that in your solitary estate you are taking on the airs and sentiments of monarchy. Shades of catamounts and deceased cougars, I throw not.

By the beard of your prize bear dog, eschew at once the dual role of monarch and socialist lest even the cougars and bears tee from you in dismay. I fear me that you have gone the way of other good men and true and become a populist. This is indeed a sad day for Cougar Hollow.

I trust, however, the Oregonian and the assembly will survive, notwithstanding.—EDITOR.

Its discussion is opportune.

Through an error in last week's issue of the News the name of Prof. Jesse W. Crites, who has been engaged by the city school board as teacher of sciences was omitted.
