FILING DAY SHOWS NO NEW CANDIDATES

The date of filing petitions for county offices developed no new candidates, and the list this week is substantially the same as mentioned last week, with the exception that C. M. Hurlburt, candidate for county surveyor, through a misunderstanding, delayed in filing his petition until September 9th, which was supposed by many to be the last day for filing, and discovered that it should have been filed the day before. It is said that Mr. Hurlburt will still be a candidate under the provision allowing the names of candidates to be written on the ballot at the election. Just what the registration will be is not known as this is the last day for registering and the record cannot be compiled for several days, but it is expected to show a considerable increase.

In the last few days candidates and their friends have been getting busy and the next week is expected to show to some extent which way the wind blows. Some confusion is anticipated in voting for county judge on account of the two names of Clark which will appear on the ballot for that office and to avoid this as much as possible Newton

Clark, the assembly candidate, will have his name spelled out in full to designate it from that of Chas. N. Clarke.

For district nominations Dr. J. F. Watt, Alex Stewart of Mosier, J. L. Henderson, and Frank Gill of Dufur are the candidates for joint representative for Hood River and Wasco counties. Watt and Stewart, it is thought, will get the nominations, as Mr. Henderson is now looked on by many as a resident of Portland and Gill is a newcomer who is very little known. Indications are that Bowerman will get a majority in the county for governor, Ellis for congress and others on the regular Republican ticket.

PACKING SCHOOL AT SPOKANE APPLE SHOW

An apple packing school that will accommodate 75 pupils will be conducted at the National Apple Show at Spokane, commencing November 14th.

The entire floor of the big armory in that city will be used for this purpose. Racks and tables will be distributed throughout the room, with plenty of room for hundreds of spectators.

Sessions will be held every fore-

Portland Commercial Club's Prize Cup for Oregon apples at National Apple Show at Spokane.

noon, beginning at 9 o'clock and continuing until 12 or 12:30. The school will be under the immediate charge of A. P. Bateman, who was the principal judge of pack at the Second National Apple Show, and J. M. Carroll of Mosier, Oregon, who is known as a scientific apple packer of many years' experience. All the recognized varieties of the diagonal and square pack used in the northwestern and the special box, will be demonstrated. They will not devote much time to fancy and exhibit packs, but will make the school of practical value by teaching the commercial packs and grades.

Senator Albert Abraham
Candidate for Republican nomination for Governor.

Old English Fairs.
Fairs and feasts were formerly held in churchyards in honor of the saint to whom the church was dedicated. In consequence of these popular gatherings being much abused they had to be suppressed in the thirteenth year of the reign of King Edward III., as appears by the following extract, quoted by Spelman: "And the Kyng commanded and forbiddeth that from henceforth neither fairs and markets shall be kept in churchyards for the honour of the Church. Given at Westminster, the VIII of October, the XIII year of Kyng Edward's reign."—London Queen.

Very Suggestive.

Mrs. Towne—There was a spelling competition down at our institute the other night. The pastor gave out the words. Did you hear about it? Mrs. Brewne—No. Was it interesting? Mrs. Towne—Rather. The first three words he gave out were "increase," "pastor," "salary."

Wyeth & Allen closed the lease for the quarters formerly occupied by the First National bank and will fit them up for their real estate business.

NEW HIGH SCHOOL TEACHERS SECURED

The additional instructors in the High School which it was necessary to secure owing to the increased attendance this year have been obtained and the school now has a complete corps of teachers, all of whom are college graduates. The new teachers are Miss Furrow, whose brother recently bought the Vance place, and Miss Horning. Miss Furrow is a graduate of the Iowa state college with two year's experience in teaching after graduating. Last year she was an instructor in the State University of Minnesota. She will teach in the forenoon only.

Miss Horning will teach domestic science and is a graduate of the well known Drexel Institute of Philadelphia. Later she became dean of women and professor of domestic science with the state college of New Mexico. Miss Horning is a sister of Mrs. C. D. Thompson.
