

WE OFFER YOU YOUR CHOICE of three sizes in this Cider Mill. Also have one with a single tub--large enough for family use--and so cheap you can't afford to be without one.

AN IMPORTANT FEATURE OF these Mills is the absence of metal of any kind to rust and impair the quality of the cider. They are guaranteed to be entirely satisfactory in every respect--in ease of operation, capacity, in durability and finish.

Bolster Springs Will Make Your Wagon Ride Like a Buggy

WE started this season with what we considered a good sized stock of these Springs, but have already sold over five times as many as we expected. We handle the **HARVEY SPRINGS**--the kind you see advertised, and the kind that your neighbor uses. Ask him.
