O. P. DABNEY & SONS,

HOOD RIVER
OREGON

To the discriminating Housewife:

We have installed some new machinery and

CUPID FLOUR

will now make the **whitest, lightest bread** of any flour on Hood River market if handled rightly. It does not require as stiff working as others. Next time ask your grocer for CUPID and if he will not furnish it, trade with someone who will.

It is made in Hood River

**COLLEGE STUDENTS
LEAVE FOR EUGENE**

College boys and those who will enter left town this week for the 1910-11 term, which opens this week at the various institutions in the state. Both the State University at Eugene and the O. A. C. will get several recruits from here this year. The rivalry for students between these institutions is keener this year than formerly.

The Eugene Institution seems to be favored by students from Hood River, as three additional graduates of the Hood River High School will enter the State University this year. They are Miss Georgia Prather, Will Cass and Chester Huggins.

The other Hood River students who return to Eugene are Karl Outhank, who will this year be on the editorial staff of the Oregon Emerald, the college semi-weekly, Este Brosius, Ferdinand Struck, Ray Murphy, Ray Early and Clyde Pattee. Pattee re-enters this year after being absent for one term. Murphy will join the Alpha Tau Omega fraternity, an organization that has a number of members in the valley from eastern and western colleges. The annual banquet of the fraternity was held in Portland Monday evening at the Oregon grill, and Outhank and the other boys who are members left here Monday to be in attendance.

**WOMAN'S LEAGUE HAS
INTERESTING MEETING**

Hood River Chapter held a very interesting meeting at the home of Mrs. S. E. Bartmess Friday evening, Sept. 9th, for the purpose of hearing from and meeting Mrs. Donathan, a member of the Spokane chapter. She spent three months in Spokane during their organization. They have qualified for a ten thousand dollar Chapter House, but will have one costing a million dollars. The lot and marble for the building has been donated, hence the ten thousand will be used in equipment, which will be furnished from national headquarters.

As might be expected, Mrs. Donathan was very enthusiastic over the "Plan" of the American Woman's League and what great things have been done for the uplifting of its members. Mrs. Donathan was at the convention at University City and saw for herself The People's University, its faculty and the many fine works of art on exhibition, the work of honor pupils. She has been at Los Angeles, where they have a Chapter numbering 1600, as well as many other cities where they are taking advantage of the benefits of league membership. A new feature has been added since the convention, which is going to be one of the grand features. It is the affiliation of Chautauqua Reading Circle, its books and magazines being included in Class A literature, and can be used on paying membership fee. We want to form a large class here, as nothing would help so much to broaden its members as this reading course. Could the people of Hood River take time to investigate the object and benefit of the league, we would be able to secure our Chapter House very soon.

If each member will secure one other, the work will be done. We are receiving additions to our league and are in a hopeful spirit. Meetings in our rooms first and third Wednesday afternoons of each month. Next meeting Wednesday, Sept. 21st. All ladies invited to come and hear of our work and plans.

Mrs. Martha W. Rigby,
Local President.

How's This?

We offer One Hundred Dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. Cheney & Co., Toledo, Ohio. We, the undersigned, have known F. J. Cheney for the last 15 years and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm. Walding, Kinnann & Marvin, Wholesale Druggists, Toledo, Ohio. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75c. per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

W. C. T. U. Meeting

The W. C. T. U. met with Mrs. Isaac Ford Tuesday afternoon, Sept. 6th. Many interesting topics were discussed and plans laid for coming campaign. They adjourned to meet with Mrs. Orr, on Sept. 20th.

On Sunday afternoon, Sept. 18th, Miss Mary E. Brown spoke at the Congregational church. Her subject was "Rescue—Preventive; Which shall it be?" Miss Brown is the state superintendent of the purity department of the W. C. T. U. for the state of Washington. She is a very interesting speaker and made a good address.

It pays to advertise.

**W. R. ELLIS
FOR CONGRESS****The Candidate with Experience**

Republican Candidate for renomination to Congress before the Direct Primary, Saturday, September 24, 1910

Ten years' experience on the floor and in the committee rooms of congress.

Over 26 years' residence in Oregon—knows the needs of the people at first hand.

Is member of ways and means committee—there is no better committee assignment in the house of representatives.

Has secured three appropriations for public buildings for this district in last two congresses.

The second Oregon district stood at or near the head in the sums appropriated in the 1910 house bill for its rivers and harbors (\$1,800,000.)

He has supported all progressive administration measures; devoted his entire time to the promotion of the interests of Oregon and the upbuilding of the west. By reason of his large and favorable acquaintance among the members of congress he is in a position to continue to do things for Oregon which no new man could do for many years.

Has at heart the interest of the "old soldier"; always warmly supported every bill introduced for the relief of old veterans. During last two congresses has secured the passage of numerous private bills for helpless old soldiers and their widows and handled many hundreds of claims acted on by the pension department. ACTS SPEAK LOUDER THAN WORDS.

Why make any change in your Congressman?

SOCIALISTS, ATTENTION

Hood River Socialist County Convention Notice

The Socialist party of Hood River county will hold a delegate convention in Hood River at K. of P. hall, over opera house, Sept. 24, 1910, at 7:30 p. m. All Socialists wishing to affiliate with the party may be considered delegates and are invited to attend.

By authority of the state secretary, C. W. Barge, and order of the county chairman, Floyd L. Lewis.

Signed, Floyd L. Lewis, chairman.*

Davidson Fruit Co. Ready for Apples
The Davidson Fruit Co. has just closed the strawberry season, having handled some 25,000 crates which netted here at Hood River \$2.35 per crate, giving their customers an increased profit of 20c per crate, or about \$5,000 over other shippers.

This firm will be in the apple deal and expect to maintain their good reputation by giving their customers satisfaction.

Those having crops of fancy apples will no doubt put money into their pockets by arranging with the Davidson Fruit Co. to handle their fruit.

Phone them at 65 or call at the office at the foot of Third street, Hood River, Oregon.*

Water Works on the Farm

Yes, that's just what we mean—real water works; running water in the kitchen, the bathroom, the laundry, the barn—in fact, all over the place. And it's all done by that tank you see in the lower left hand corner of this picture—the Leader System. It's vastly different from the old-fashioned elevated tank which worked by gravity. For the Leader Water Supply System is operated by compressed air—reliable, safe and clean. Your windmill pumps water into the tank (which is already full of air). The air, being elastic, is compressed into upper part of the tank, and forces the water out through the pipes.

This gives you a pressure, so that a powerful stream of water is on tap at every faucet, no matter where it is located. And this means absolute fire-protection, for the pressure is always on and always ready.

Now, the old style gravity tanks were either put in the attic or situated on a high tower out of doors.

In the former case, their weight when full, cracked the plastering; or they overflowed or leaked, flooding the rooms below.

In the case of the outside tanks, the water often froze solid in winter, necessitating expensive plumbing bills; or it became hot and stagnant during the summer and unfit for use. The

Leader Water Supply System

avoids all this, because the air-tight tank is either in the basement or buried underground below the frost line. Every outfit is complete, with full directions, and is easily installed. The Leader System needs no repairs, is suited to small buildings or large, and is moderate in price.

Let us send you our free booklet, "How I Solved the Water Supply Problem," the story of a man who successfully equipped his country home with modern water works. Write for it today, before you forget
