

WE ARE PURVEYORS TO THEIR MAJESTIES The Hood River Orchardists

And we are as proud of the goods which we offer them, as they are of their orchards. Why shouldn't we be? We offer the very best implements and vehicles money can buy. The name of our wholesalers on a vehicle or wagon is sufficient guarantee to most people. *Studebaker and John Deere* on an article stands for *Reliability*, the same as the name *Oliver* on a plow.

*Make your dreams
come true by
laying the
right kind
of foundation
for those
bumper
crops
by using*

Oliver Chilled Plow

It is a fact and it is being demonstrated every day that for all conditions of plowing, OLIVER CHILLED METAL gives by far the best satisfaction. It is the most economical for the progressive, up-to-date farmer to use in tilling his ground, and good plowing means good crops. OLIVER CHILLED PLOWS will wear longer, scour better, and do more and cleaner work, with the same amount of draft, than any other plows in use. They are furnished in a great variety of sizes and styles and every possible requirement can be successfully taken care of. We carry at all times a complete assortment of OLIVER PLOWS and REPAIRS and will be only too glad to explain to you in detail the many reasons why

YOU SHOULD BUY THE OLIVER CHILLED PLOW.

CADILLAC

CHALMERS

HUDSON

Automobiles

There is no great mystery about wagon-making. It's just like the fellow said about making a piano: "Anybody could do it if he had the tools, could get the material and knew how." For the same reason there is no mystery about the

**Studebaker Excellence,
Studebaker Superiority**

Because we do have the tools—the best possible facilities for vehicle and harness making—the largest vehicle factory in the world (it covers 100 acres) and hundreds of special machines of our own invention. We do get the materials. Because we are the largest buyers of vehicle materials in the world, we get *first choice* and we *know how to choose*. We do know how. Our "know how" is founded on more than 50 years experience in successful vehicle making. But, more than that, our superior facilities, our extra choice materials, our exceptional experience, are all backed by the determination to make every Studebaker vehicle as nearly perfect as ingenuity, skill and care can make it. That's why we maintain extensive laboratories for testing all materials used in our factory. That's why we inspect and re-inspect every piece of work turned out by every department. And that's why the Studebaker enjoys the reputation it has—more than a million in daily use—used the world over and growing every day in popularity.

Studebaker

THE STUDEBAKER
A Wagon with a Reputation.

If you are a man who wants the best

**Come in and See the
STUDEBAKER**

Before you buy a farm wagon, a buggy, a carriage or anything in the vehicle or harness line. You will not be asked to buy on *presentation* alone. *Trust by sight* it will be shown to you wherein the Studebaker excels. You do not buy a vehicle every season. You want to be sure of your investment. You want to be thoroughly satisfied. Come where you can see for yourself before you put your money in.
