

Grand Opportunities Are Not Frequent

But we are pleased to have a grand opportunity to offer you in **Furs**. Mitchel L. Conn, one of the Best Fur Houses of New York, sent us a sample line of 50 different styles of Furs, only one piece of a kind as a sample to take orders from. We have no money invested in them and can sell them for much less than if we had bought them outright. We will keep them here for about two weeks and take orders. Parties making their selections first have the privilege of the samples after the sale is over. We require 25 per cent. of the purchase price when order is given. This is a good opportunity to get your **Furs** for about **one-third less** than they could be sold for otherwise. : : :

Another shipment of **Ladies Suits** just come in. We are offering great values in **Suits and Coats**. : : :
