**Fine Red Shot Soil Hood River**  
**Apple Land in the Famous**  
**Oak Grove District**  
Ten miles out in the southwest part of the Hood  
River Valley, Hood River, Oregon.  
The tract is partly improved  
with 5 acres in young com-  
mercial orchard, has fairly  
good house, barns, etc., and  
a fine spring well which is  
capable of being developed  
sufficiently to irrigate 40 or  
more acres. This tract is  
in the best apple section in  
the valley composed of all red  
shot soil. The surrounding  
country is being rapidly de-  
veloped and growing into big  
money.

**Wade is Captured.**  
Salem, Ore.—After eluding the Ore-  
gon authorities for many weeks,  
Frank Wade, one of the most des-  
perate men who has ever escaped  
from the criminal insane ward at the  
state asylum, has been placed under  
arrest at Willows, Calif. Wade was  
one of the five convicts who made a  
break from the criminal insane ward  
several weeks ago. Three of them  
were immediately recaptured, and the  
fifth man is still at large. Wade was  
sent to the penitentiary for commit-  
ting a murder in Jackson County, his  
brother being sentenced at the same  
time for the same offense. Both re-  
ceived life sentences, but the brother  
was pardoned a number of years ago.

**Mining Congress Meets.**  
Sumpter—The first annual mining  
congress convened here Thursday.  
The primary object of the congress is  
to take up for discussion and organ-  
ized action matters of importance to  
the mining industry in the northwest,  
or of national import to mining for  
that matter. Men of reputation in the  
mining world were here from distant  
points to talk on the mining topics.  
The great scope of the district will  
also be made evident. Ideas of treat-  
ing ore were advanced, and in this it  
was shown what will be the best for  
future treatment of the vast amount  
of ledge matter that lies within the  
mountains of eastern Oregon.

**Athena Millers Strike.**  
Athena—A strike occurred here,  
among mill hands of Preston-Parton  
Milling Company, the object of the  
strike being to gain higher wages.  
The wages paid by the mill here are  
\$2.25 a day. Manager M. L. Watts  
absolutely refused to take the men  
back to work for any wage and he  
says that "if hands cannot be found  
to do the work, the mill can well af-  
ford to close down for a while, as  
there is no rushing orders on hand  
at present."

**McMahan to Enter Race.**  
Salem—Leonard H. McMahan will  
enter the race for state senator from  
Marion, running as an independent.  
The law allows individuals to file as  
independent candidates any time af-  
ter the primaries and up to the fif-  
teenth day before the general elec-  
tion. Mr. McMahan therefore has un-  
til Monday, October 24, to file his  
petitions.

**OWYHEE IRRIGATION PRO-**  
**JECT IS GIVEN NEW LIFE**

Salem—That the Owyhee reclama-  
tion project in Malheur county, one  
of the largest of the reclamation pro-  
jects in Oregon, may come under the  
\$20,000,000 appropriation to supple-  
ment the irrigation fund and that the  
company which has been promoting  
the Owyhee has abandoned the pro-  
ject owing to financial difficulties,  
became known here.  
State Engineer John H. Lewis is  
now starting to attempt to place the  
project under the arm of the reclama-  
tion service and give the Federal  
authorities a chance to develop it  
through their priority claims against  
subsequent small filings, which, if  
they become valid, will work to defeat  
any comprehensive development.  
The Owyhee is situated in Malheur  
county and includes nearly 150,000  
acres. The Owyhee and Malheur pro-  
jects were begun prior to the act ad-  
vancing \$20,000,000 to supplement the  
reclamation fund, approved June 25,  
1910, and the water rights were initi-  
ated long prior. If the private en-  
terprise fails to begin construction in  
the near future, and the government  
fails to protect its advantageous po-  
sition as to water filings, the project  
may be so complicated by smaller  
subsequent filings as to defeat any  
comprehensive development.

**Big Game November 12 at O. A. C.**

Corvallis—The football contest be-  
tween Oregon Agricultural college  
and University of Oregon, will be  
played on the local campus on No-  
vember 12. This is the biggest game  
of the season and the students are  
pleased that it will be played here  
instead of Portland. Five thousand peo-  
ple are expected and arrangements  
are being made to accommodate them.

**Auto Thief Convicted.**

Roseburg—"Chick" Wright, who re-  
cently stole an automobile from the  
W. C. Harding Land company in this  
city and was later arrested at Marsh-  
field in company with Ralph Casey, at  
one time a student in the University  
of Washington, was convicted of lar-  
ceny in the circuit court.

**NEWS PARAGRAPHS FROM**  
**OTHER CITIES IN OREGON**

Mount Tabor church in Portland,  
Oregon, is to be the place for the  
next annual meeting of the Presby-  
terian synod of Oregon.

Beginning at 10 o'clock Wednesday  
morning the Oregon Congress of  
Mothers met in fifth annual confer-  
ence at Portland.

The next annual meeting of the na-  
tional convention of Christian church-  
es will be held at Portland, in Octo-  
ber, 1911.

Portland lumber manufacturers  
have gone on record as strongly in fa-  
vor of the proposed Panama canal ex-  
position in 1915 being held at San  
Francisco

The 1911 session of the Willamette  
Valley Chautauqua assembly will  
open at Gladstone July 4, with a great  
celebration, closing July 16.

Statistics for September compiled  
by Dr. Calvin S. White, secretary of  
the state board of health, show that  
there were 34 violent deaths in the  
state outside of Portland in that  
month.

H. W. Trembath, of Oregon City,  
representing the department of fish-  
eries, has left for Alaska to secure  
the first shipment of 1,500,000 sock-  
eye salmon eggs from the government  
hatchery on Yes Bay in Alaska.

Multnomah county property will be  
assessed for approximately \$45,000,  
500 more this year than a year ago,  
according to incomplete figures pre-  
pared by County Assessor Sigler. It  
is estimated that of this amount the  
city alone will show an increase of  
\$35,000,000.

Saturday the new rates of the  
Wells-Fargo Express company for 200  
points in Oregon became effective.  
The last tariff and schedule was  
checked by the state railroad com-  
mission and its order will now stand.  
The new rates show them to be 84 per  
cent of the former rates.

Prizes aggregating \$680 were award-  
ed 23 students of Oregon high schools  
and colleges for essays on conserva-  
tion subjects at a meeting of the Ore-  
gon State Conservation Commission  
in Portland. Most of the successful  
contestants were from Portland high  
schools and the girl students made  
by far the best showing.

The decision of John B. Horner,  
professor of English literature at Ore-  
gon Agricultural College, to withdraw  
his acceptance of the nomination of  
superintendent of public instruction  
on the democratic ticket, leaves Prof.  
L. R. Alderman of the state university  
the sole nominee in the field.

After re-electing Mrs. Ada Wallace  
Unruh, of Portland, president, and  
naming the other general officers as  
they were for the past year, the 27th  
annual convention of the Women's  
Christian Temperance Union of Ore-  
gon closed at Salem.

For the purpose of organizing the  
fruitgrowers of the Pacific northwest  
into a united body in order to stimu-  
late fruit production, and to create a  
world-wide market, the Northwestern  
Fruit Exchange has been formed. The  
promoters of the organization are  
composed of practical fruit growers of  
Oregon, Washington and Idaho.

A movement is on foot by the hun-  
ters and fishermen of Klamath county  
to meet and consider proposed  
changes in the game and fish laws to  
be placed before the legislature. One  
change suggested is to have the deer  
and duck shooting seasons conform  
in Klamath county, Oregon and Sik-  
kiyou and Modoc counties, California.

The state of Oregon and Washing-  
ton contain one-third of the available  
water power energy in the United  
States and between six and seven mil-  
lion horsepower can be generated in  
the two states, according to Fred H.  
Renshaw, hydrographer of the United  
States geological survey, who has had  
charge of measuring the flow of the  
Pacific northwest rivers during the  
past two years.

Theodore Opsund, office deputy to  
the master fish warden, is attempting  
to unravel a mystery in connection  
with a figure 7 plainly marked on  
the cheek of a silverside salmon,  
found by some fishermen at Astoria.  
The same make, it is said, was found  
by some fishermen on the cheek of  
a chinook salmon captured near Astoria  
last spring. It is believed if  
these markings could be traced that  
some interesting information might  
be learned as to the migration of these  
fish.

Oregon youths who are desirous of  
entering the United States naval  
academy at Annapolis will be given an  
opportunity to compete for the ap-  
pointment which United States sena-  
tor Jonathan Bourne has been autho-  
rized to make for 1911. Senator  
Bourne has left the matter of the ex-  
aminations in the hands of Professors  
J. B. Horner, of the Oregon Agricul-  
tural college, Professor Hopkin Jen-  
kins of the Jefferson high school, and  
Professor James H. Bach, of Colum-  
bia university. All candidates to the  
academy are to be examined either  
the third Tuesday in April, 1911, at  
Astoria, Baker City, Eugene or Port-  
land, or third Tuesday in June, 1911,  
at the naval academy.
